AGENDA FOR THE SENATE MEETING

Meeting No. : 4th

Venue : Design Centre, MNIT Jaipur

Date : February 27th, 2005

Time : 10:00 A.M.

INSTITUTE

INDEX

Item No.	Particulars
1.	CONFIRMATION OF MINUTES Minutes of the 3 rd meeting of the Senate held on April 24 th , 2004.
2.	ACTION TAKEN REPORT To note the action taken on the decisions made in the 3 rd meeting of the Senate held on April 24 th , 2004
3.	ITEMS FOR CONSIDERATION
3.1	To consider the recommendations of the committee constituted by the Director to look in to the matter pertaining to poor performance by the students in certain courses.
3.2	To consider admission of students of Old Yearly Scheme into New Semester Scheme in III & V Semester.
3.3	To consider the performa of Comprehensive Examination, approval of Research Plan and Application form for appointment of Supervisors for Ph.D. programme.
3.4	To consider the guidelines for the preparation of teaching and examination scheme for Part Time M. Tech. programme.
3.5	To consider relaxation in minimum condition of 60% marks up to 55% for Polytechnic Teachers under admission to QIP (Poly) programme.
3.6	To consider the interdepartmental elective course to be run in III and IV Semester M. Tech. programme.
3.7	To consider the admission of a student after withdrawal from a Semester
3.8	To consider the one time Academic scheme of VI semester Architecture for 2004-05 only.
3.9	To consider the award of Ph. D. fellowship.
3.10	To consider and approve the new format of feedback form(s).

- 3.11 To consider the limit of Ph.D. candidate under one supervisor and transfer of candidates in case of non-availability of the supervisor.
- 3.12 To consider the limit of Ph.D. candidate under one supervisor and transfer of candidates in case of non-availability of the supervisor.
- 3.13 To consider the limit of Ph.D. candidate under one supervisor and transfer of candidates in case of non-availability of the supervisor.
- 3.14 Academic activity to encourage research at UG level at MNIT.
- 3.15 To consider Academic networking through project based trainings for external students.
- 3.16 To consider the proportionate representation of each department in the senate.
- 3.17 To consider the recommendation made by Head of Compute Engg. department in respect of Attendance and Examination on Medical Ground.
- 3.18 To consider the scheme of current VI Semester Electronics & Communication (2004-2005 Spring Semester).
- 3.19 To consider the clarification of Programme Advisory/Faculty Advisor for UG/PG courses respectively.
- 3.20 To consider the constitution of DGC & DRC for Ph.D. programme and DRC for M. Tech. programme.
- 3.21 To consider the explanation of 'E' and 'F' Grade in the regulation.
- 3.22 To consider summer term for students having 'F' grade.
- 3.23 To consider the AICTE norms for faculty requirements for starting a new M. Tech. programme.
- 3.24 To consider and pass the roll list of the eligible candidates for the award of degree.
- 3.25 To consider the admission in I year Architecture for diploma holders of Polytechnics who have completed their Undergraduate studies in Architecture from MREC/MNIT and have already been awarded Bachelor of Architecture degree from University of Rajasthan/MNIT.
- 3.26 To consider the conversion of status of Ph.D. candidates from Full Time to Part Time and vice-versa.

4. REPORTING ITEMS

4.1 Academic Calendar of 2004-05 Spring Semester.

- 4.2
- (a) To note the modification in the Academic Programme of B. Tech. Computer Engg. and B. Tech. Information Technology from I to VIII Semester.
 - (b) To note the modification in the Academic programme of B. Architecture from I to X Semester.
 - (c) To note the modification in the Academic Programme for Full Time/Part Time M. Tech. Environmental Engg.
 - (d) To note the scheme and syllabus of Environmental Science for I B. Tech.
 - (e) To note the teaching & examination scheme of IV, V and VIII Semester B. Tech. Mechanical Engg.
 - (f) To note the syllabus of IC MA 501 G Advanced course in Mathematics of M. Tech. (Manufacturing System Engg.)

4.3 To note the admissions of special cases to VII Semester B. Tech.

4.4 To note the fee structure for UG/PG/Ph.D. for the session 2004-05 recommended by the committee headed by the Director.

4.5 To note the format of degrees of B. Tech./B. Arch., M. Tech. and MMS.

April 24, 2004 respectively. (copy of the minutes enclosed Appendix No. 1)

Item No. 2. To note the action taken on the decision made in III meeting of the Senate held on April 24th, 2004 respectively. (Appendix No. 2).

Item No. 3.1 To consider the recommendations of the committee constituted by the Director to look in to the matter pertaining to poor performance by the students in certain courses (Appendix No. 3).

Explanatory Note: The Committee considered the following subjects Switching Theory (VI Semester), EMFT (IV Semester) and Urban Economics (VI Semester B. Arch.) in light of the performance of the students in the remaining five subjects and decided to award the marks/grades on the average performance in the other subjects.
Recommendation of the Committee are placed for consideration.

Item No. 3.2 To consider admission of students of Old Yearly Scheme into New Semester Scheme in III & V Semester. (Appendix No. 4).

Explanatory Note: The students took admission in I B. Tech. in the year 2000, 2001 and 2002 and cleared their I & II year in annual scheme were admitted in the year 2004-05 in new grading system in III and V Semester. Their marking may be may be in absolute marking system.

Item No. 3.3 To consider the performa of Comprehensive Examination, approval of Research Plan and Application form for appointment of Supervisors for Ph.D. programme (Appendix No. 5).

Explanatory Note: The proposed format may be approved.

Item No. 3.4 To consider the guidelines for the preparation of teaching and examination scheme for Part Time M. Tech. programme (Appendix No. 6).

Explanatory Note: The academic programme of Part Time M. Tech. may be approved as recommended by OC (PG), Dean, Academic and Director.

... of Polytechnic Teachers ... RPSC ...
programme (Appendix No. 7).

Explanatory Note: The Polytechnic Teachers are selected by RPSC on 55% marks at B.E. level and having experience more than 10 years are deprived of the chance of improvement in their qualification.
Submitted for approval.

Item No. 3.6 To consider the interdepartmental elective course to be run in III and IV Semester M. Tech. programme (Appendix No. 8).

Explanatory Note: It is proposed that the interdepartmental course of M. Tech. programme may be considered as inter-stream also.

Item No. 3.7 To consider the admission of a student after withdrawal from a Semester.

Explanatory Note: When a student withdraws from a semester he is not aware that he/she may not be promoted to next semester in accordance with the promotion rules. The promotion rule in the regulations needs clarification accordingly.

Item No. 3.8 To consider the one time Academic Scheme of VI semester Architecture for 2004-05 only (Appendix No. 9).

Explanatory Note: One subject Building Services 1 of 2 credits which due to the oversight has been left may be added in the scheme of current VI semester Architecture as recommended by the DFB of the Architecture department.

Item No. 3.9 To consider the award of Ph. D. fellowship (Appendix No. 10).

Explanatory Note: It is proposed that a proposal may be sent to MHRD to sanction Ph. D. fellowship to the full time candidates registered under MNIT.

Explanatory Note: To consider the recommendation of the Committee constituted by the Director to formulate the format and process of filling of feed back forms.

Item No. 3.11 To consider the requirement of Comprehensive Examination before Ph.D. registration (Appendix No. 12).

Explanatory Note: Clause 9.1 (b)-(d) regarding comprehensive-examination should be dropped and 9.1 (e) be replaced by the following: "The candidate after completion of the course work satisfactorily will be subjected to a comprehensive viva to be conducted by DGC to assess the preparedness of the candidate as well as the suitability of the research proposal." All subsequent references related to comprehensive examination be deleted.

Item No. 3.12 To consider and modify the clause for Project requirement of B.Tech. assessment (Page 17 of regulations) (Appendix No. 12).

Explanatory Note: The clause in Explanation "E & F Grades" as follows: "However, if 'E' or 'F' grade is awarded to student in Project, he/she will not be eligible to repeat the same and will not be eligible for the award of degree" be dropped.

Item No: 3.13 To consider the limit of Ph.D. candidate under one supervisor and transfer of candidates in case of non availability of the Supervisor (Appendix No 12).

Explanatory Note: The limit of for Ph.D. candidate to be registered with a supervisor should be raised to six. This may be approved in view of the large applicants. In case of non availability of the Supervisor, the rules relating to change of supervisor may be framed.

Item No. 3.14 Academic networking through project based trainings for external students (Appendix No. 14).

Explanatory Note: To consider the proposal for inclusion in the current UG scheme (approved) which will encourage a healthy research profile for all the department with the help of talented UG students.

Item No. 3.15 Academic networking through project based trainings for external students (Appendix No. 14).

Explanatory Note: There has been a continuous demand for the external students projects of various levels at Computer Engg. department for summer training and for the final year projects. Additionally, present TEQIP project requires a networking of the local technical institutions may be encouraged. Also, the additional income generated through this activity will generate revenue for the department and will help maintenance and contingent expenditures of department. The projects can be dealt as part of the consultancy for the department. To make this plan as part of the current system formally, we may adopt a similar scheme, which has been adopted at IIT Bombay for the external student.

Item No. 3.16 Proportionate representation of each department in Senate (Appendix No. 14).

Explanatory Note: A request has been made by the Head of Computer Engg. Dept.

Item No. 3.17 To consider the recommendation made by Head of Computer Engg. Department in respect of flowing points (Appendix No. 14).

Explanatory Note: (i) Scheduling of examination of VI and VIII Semester the DUGC be provided certain flexibility in announcing the date of examination or define range may be given in the academic calendar.
(ii) It is proposed that a committee including an expert from medical field be constituted to examine medical cases seeking re-examination on medical grounds. Also a provision of writer in case a student meets an accident be made.
(iii) Attendance mechanism for students appearing for placement talks and interviews need to be put in a framework.

Explanatory Note: A subject Technical Communication is added in the current scheme of VI Semester as it was not taken in V Semester and be treated cancelled in the scheme of V Semester only for current VI Semester students.

Item No. 3.19 To consider the clarification of programme advisory/faculty advisor for UG/PG courses respectively on yearly basis.

Explanatory Note: It is proposed by the UG/PG Board that the programme advisor/faculty advisor for UG/PG programme may be for tenure of two years.

Item No. 3.20 To consider the constitution of DGC & DRC for Ph.D. programme and DRC for M. Tech. programme (Appendix No. 16).

Explanatory Note: As per the recommendations of the PG Board the constitution of DGC & DRC for Ph.D. programme and DRC for M. Tech. programme may be consider for approval.

Item No. 3.21 To consider the explanation of 'E' and 'F' Grade in the regulation.

Explanatory Note: As per the regulation E and F Grade are failing grades, it is proposed that the explanation of both the grades may be read as under when a student has reasonable mid term performance and is likely to pass with 50% marks in end term he may be allowed to appear only in end term examination and 'F' grade is given in case you feel that the performance indicate that students has not learnt much and he must repeat the course.

Item No. 3.22 To consider students having F grade other than Institute Core courses to register in summer term.

Explanatory Note: The summer term will be as per regulation no. 21 (1) and (2) and students having 'F' Grade other than Institute Core may also be included in this term.

Item No. 3.23 To consider the proposal for proposed PG programme according to the AICTE norms.

Explanatory Note: To approve the faculty required for proposed PG programme according to the AICTE norms.

Item No. 3.24 To consider and pass the roll list of the eligible candidates for the award of degree (Appendix No. 18).

Explanatory Note: List of candidates of B. Tech./M. Tech. and MMS passed out in academic year 2002-2003 and 2003-2004.

Item No. 3.25 To consider the admission in I year Architecture for diploma holders of Polytechnics who have completed their Undergraduate studies in Architecture from MREC/MNIT and have already been awarded Bachelor of Architecture degree from University of Rajasthan/MNIT (Appendix No. 19).

Explanatory Note: It is proposed that a I year annual scheme B.Arch. of University of Rajasthan is to be run, examinations to be conducted and on successful completion a marksheet is to be awarded to them. So that they can fulfill the requirement of Council of Architecture.

Item No. 3.26 To consider the conversion of status of Ph.D. candidates from Full Time to Part Time and vice-versa.

Explanatory Note: The change of status from Full Time to Part Time, the time spent as Full Time will be taken into account but the status of a Part Time candidates will not be changed from Part Time to Full Time.

Item No. 3.27 To consider giving special power to the Director for condoning of attendance requirements upto 10%.

Explanatory Note: The Director MNIT may have the discretionary power of condoning upto 10% of the attendance requirement in a given subject(s) from the total attendance requirement in a given semester.

Page No. 3.28 No. of pages 10 The scheme for 10

Explanatory Note: The BOG has agreed to continue the course in management but with the revised nomenclature of MBA.

4. REPORTING ITEMS

- 4.1 To note the Academic Calendar of 2004-05 Spring Semester (Appendix No. 21).
 - 4.2 (Appendix No. 22)
 - (a) To note the modification in the Academic Programme of B. Tech. Computer Engg. and B. Tech. Information Technology from I to VIII Semester.
 - (b) To note the modification in the Academic programme of B. Architecture from I to X Semester.
 - (c) To note the modification in the Academic Programme for Full Time/Part Time M. Tech. Environmental Engg.
 - (d) To note the scheme and syllabus of Environmental Science for I B. Tech.
 - (e) To note the teaching & examination scheme of IV, V and VIII Semester B. Tech. Mechanical Engg. (Refer Item No. 8).
 - (f) To note the syllabus of IC MA 501 G Advanced course in Mathematics of M. Tech. (Manufacturing System Engg.).
 - 4.3 To note the admissions of special cases to VII Semester B. Tech. (Appendix No. 23)
 - 4.4 To note the fee structure for UG/PG/Ph.D. for the session 2004-05 recommended by the committee headed by the Director (Appendix No. 24).
 - 4.5 To note the format of degrees of B. Tech./B.Arch., M. Tech. and MMS (Appendix No. 25).
5. Any other item(s) with the permission of the Chair.

MINUTES OF THE THIRD MEETING OF THE SENATE
HELD ON 24TH APRIL 2004

MINUTES OF THE THIRD MEETING OF THE SENATE
HELD ON 24TH APRIL 2004

The third meeting of MNIT Senate was held on Saturday the 24th April, 2004 at 10.00 A.M. in the Design Centre of MNIT, Jaipur. The following were present:

1.	Prof. Ashok K. Jain, Director	Chairman
2.	Dr. C. P. Srivastava	Member
3.	Prof. M. Raisinghani, Dean, Administration	Member
4.	Prof. Y. C. Bhatt, Dean, Research & Development	Member
5.	Prof. S. Sancheti, Dean, Academic Affairs	Member
6.	Dr. S. K. Jain, Dean, Students Affairs	Member
7.	Prof. S. C. Pathak	Member
8.	Prof. A. B. Gupta	Member
9.	Prof. G. Agarwal, Prof. and Head	Member
10.	Prof. Y. P. Mathur	Member
11.	Prof. R. A. Gupta	Member
12.	Prof. Mool Singh	Member
13.	Prof. C. M. Arora, Prof. and Head	Member
14.	Prof. S. G. Modani, Prof. and Head	Member
15.	Prof. M. P. Poonia	Member
16.	Prof. B. L. Swami, Prof. and Head	Member
17.	Prof. Rajeev Shringi, Prof. and Head	Member
18.	Dr. Ravindra Nagar, Head	Member
19.	Dr. S. K. Sharma, Head	Member
20.	Dr. S. P. Chaurasia, Head	Member
21.	Dr. (Mrs.) Vijay Laxmi, Head	Member
22.	Dr. Nilima Gupta, Head	Member
23.	Dr. (Mrs.) Jyoti Joshi, Head	Member
24.	Dr. V. S. Shekhawat, Head	Member
25.	Shri D. K. Sharma, Head	Member
26.	Shri S. K. Pokharna	Secretary

At the very outset, Prof. Ashok K. Jain, Director and Chairman welcomed all the members of the Senate. As soon as the Chairman took his seat, Dr Y. P. Mathur, Dr M. P. Poonia and Dr A. B. Gupta rose and raised that show cause notices have been issued to three faculty members for availing leave without prior approval, and therefore, the Senate should first take up the matter of grant of academic leave to faculty members. Dr. S. C. Pathak had been refused Academic Leave for going on AICTE (paid) assignment and he chose to ignore the orders of the Director and proceeded on casual leave. Dr S. C. Pathak wanted to move an agenda item for the purpose. Amid continued shouting by Dr Y. P. Mathur and Dr. M. P. Poonia, the Chairman advised the honourable members that the

The above item was approved with minor modifications in schemes. The details of approved schemes are as per Appendix B.

3.3 To consider the Schemes and Syllabi for MMS programmes III & IV Semester

The above item was approved per details of the scheme provided in Appendix C.

The Chairman informed the members that the BOG in its meeting held on June 2003 deliberated on the functioning of the Department of Management almost exclusively through guest faculty for so many years as well as the placement of students etc. It was very much concerned with the quality of education imparted through the guest faculty and also the fact that practically no company visited MREC for on campus placement of MREC MMS graduates. It noted the presence of so many other institutes in Jaipur offering management program. It decided that the MMS program could be discontinued from the next session.

An agenda item was again put up in its 2nd meeting held on November 2003 to sanction regular faculty positions along with that of other departments. But the BOG was not inclined to continue this program.

3.4 To consider the Schemes and Syllabi for new M. Tech. programmes

- (a) Chemical Engineering of Chemical engineering Department.
- (b) Energy Engineering of Mechanical Engineering Department.
- (c) VLSI Design of Electronics & Communication Engineering Department.
- (d) Computer Science & Engineering of Computer Engineering Department.

The above items were approved. Details of schemes provided in Appendix-D-I, II, III, and IV. It was informed to the house that starting of such programmes requires formal approval from BOG, MHRD as well as UGC.

3.5 (a) To consider the tenure of UG/PG Board.

The house resolved that the tenure of UG & PG boards be 2 academic years.

(d) To consider the constitution of DGC & DRC for Ph.D. programme and DRC for M. Tech. programme.

Deferred

(e) To consider the constitution of DGC & DRC for Ph.D. programme and DRC for M. Tech. programme.

Deferred

3.6 To consider the proposed format of degree (B.Tech./B.Arch./M. Tech./MMS).

Deferred

3.7 To consider the recommendations made by Dr. S. K. Jain committee regarding M.Tech. Assistantship.

The recommendation of S. K. Jain committee were approved in respect of M.Tech. Assistantships. It was decided that the recommendations would be effective for the subsequent semesters after obtaining Ind Division by any student. This will be applicable to the students admitted in 2002-2003.

3.8 To consider the introduction of merit scholarship for B.Tech./B.Arch. I to V year @ Rs. 500/- per month for 12 months to 20% of the actual strength of each class be sanctioned.

The item was approved i.e. to offer scholarship to 20% of actual strength of students per year per branch @ Rs. 500/- per month for a period of 12 months.

3.9 To consider merger of the Departments of Civil Engineering and Structural Engineering on the lines of IITs and NITs.

Deferred

The members were requested to send their suggestions if any, within 10 days on the above two items 3.10 and 3.11 to the Dean, Students Affairs. The revised standing orders and regulations for enquiries and punishments are at Appendix E & F.

3.11 To consider the regulations for enquiries & punishments in the case of students of the institute

The Dean of Students Affairs in consultation with Dean, Academic Affairs proposed the regulations for enquiries & punishments. The regulations were approved as proposed.

The members were requested to send their suggestions if any, within 10 days on the above two items 3.10 and 3.11 to the Dean, Students Affairs. The revised standing orders and regulations for enquiries and punishments are at Appendix E & F.

4.0 Reporting Items

Reporting items 4.1 to 4.4 were noted.

The Senate placed on record its appreciation for the team of the Dean, Academic Affairs for compilation of B.Tech./B.Arch./M.Tech./M.M.S. schemes.

The meeting ended with a vote of thanks to the Chair.

(S.K. POKHARNA)
Registrar & Secretary

1. All members of the Senate.
2. P.S. to Director/ P.A. to Registrar.
3. Dean, Academic/Chairman UG & PG Boards.

(Appendix No. 2)

Item No.: 2 To note the action taken on the decision made in 3rd meeting of the Senate of Malaviya National Institute of Technology Society, Jaipur held on April 24th, 2004

S. No.	Item No.	Particulars	Decision	Action Taken
1.	3.1	To consider the Schemes and Syllabi for B. Tech. Programmes I to VIII semester and B. Arch. I to X Semesters	The above item was approved with minor modifications in schemes.	The syllabi have been implemented
2.	3.2	To consider the Schemes and Syllabi for M. Tech. programmes I to IV Semester	The above item was approved with minor modifications in schemes.	The syllabi have been implemented
3.	3.3	To consider the Schemes and Syllabi for MMS programmes III & VI Semester	The above item was approved as per details of the scheme provided in Appendix C.	The syllabi have been implemented
4.	3.4	To consider the Schemes and Syllabi for new M. Tech. programmes (a) Chemical Engg. of Chemical Engg. Dept. (b) Energy Engg. of Mechanical Engg. Dept. (c) VLSI Design of ECE Dept. (d) Computer Science & Engg. of Computer Engg. Dept.	The above items were approved.	The matter was referred to Board of Governors
5.	3.5	To consider the tenure of UG/PG Board	The house resolved that the tenure of UG & PG boards be 2 academic year	Noted

6.	3.6	To consider the recommendations made by Dr. S. K. Jain committee regarding M. Tech. Assistantship.	The recommendation of S. K. Jain committee were approved in respect of M. Tech. Assistantship. It was decided that the recommendations would be effective for the subsequent semesters after obtaining I st Division by any students. This will be applicable to the students admitted in 2002-2003	---
7.	3.7	To consider the introduction of merit scholarship for B. Tech./B. Archl. I to V year @ Rs. 500/- per month for 12 months to 20% of the actual strength of each class be sanctioned.	The item was approved i.e. to offer scholarship to 20% of actual strength of students per year per branch @ Rs. 500/- per month for a period of 12 months.	---
8.	3.8	To consider the standing orders for the students	The Dean of Students Affairs in consultation with Dean, Academic Affairs proposed standing orders. The orders were approved as proposed.	Standing order were put on the MCNIT website
9.	3.9	To consider the regulations for inquiries & punishments in the case of students of the Institute	The Dean of Students Affairs in consultation with Dean, Academic Affairs proposed standing orders. The orders were approved as proposed. The members were requested to send their suggestions if any, within 10 days on the above two items to the Dean, Students Affairs.	---

ACADEMIC SECTION

Date: 16-07-2004

The committee constituted by the Director to consider poor performance by the students in certain courses met on 16-07-2004 at 10.00 A.M. in the office of the Dean, Academic Affairs. Following decision were taken after thorough deliberation.

- (1) The system evolved for converting marks into grades needs revision
- (2) The committee considered the urgent case of VI Semester (III year) B. Tech. ECE "Switching Theory" and recommends the following:
 - (i) As a very special case, the committee recommends that a bonus of 24 marks be given to all students. This will include an extra 12 marks in the stage - I and 30 % of which will be in the form of abstract of other subjects.
 - (ii) The committee also recommends that the next examination for "Switching Theory" conducted in July 2004 should be considered null and void for those students who passed the subject with the recommended bonus marks.
- (3) The meeting was adjourned at 12.00 Noon to reconvene on 21 July 2004 at 8.30 A.M. in the Office of Prof. M. Raisinghani.

that, where the percentage failures are still higher than 15%, the concerned Head of the Department should take following action:

- (a) In case of absolute marks student can be given either additional tests or their marks can be suitably moderated in the light of the pass percentage of other remaining subjects.
- (b) In credit and grade based scheme, the grades should be related to average marks of the class i.e. the cut-off marks for awarding A+ to F grade should be made flexible meaning thereby the Grade should be awarded on the relative performance of the students in the class.

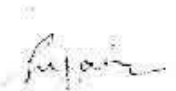

In case where fail percentage is still more than 15%, such case should be reported to a standing committee (to be constituted by Senate). However the Head of the concerned Department should ensure that

- (i) The effort put in by the concerned course coordinator and the faculty is good and the students have also put in proper effort in learning the courses and have responded well.
- (ii) Head of the Department has regularly monitored the teaching learning process.

The Committee was of the opinion that the matter related to such cases under new scheme be referred to the Senate which may suggest suitable procedure to take care of poor performance by the students in special cases.

Minutes of the Committee Meeting

The committee constituted by the Director to consider the poor performance/ result of the students in certain courses met on 23-08-2004 at 4.15 PM in the Conference Hall to discuss the Grades of EMFT paper. IV Semester Electronics & Communication Engg. Prof. M. Raisinghani could not attend the meeting as he was on leave.

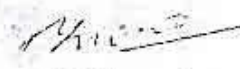

The committee considered the case of EMFT subject in light of the performance of these students in the remaining five subject of IV Semester Electronics & Communication Engineering. After thorough deliberations the members decided to award the grades based on the average performance in other subject and also the required normal distribution of the result as given below.

Grade	Range of Marks	No. of students
A+	68-80	3
A	56-67	3
B+	47-55	21
B	40-46	16
C+	35-39	13
C	28-34	8
D	19-27	8
E	18	3

Sub.: Regarding the Conversion of Marks into equivalent Grades.

Respected Sir,

We were enrolled in the institute under the old scheme (Marks System) but due to break in studies for some unfortunate reasons we are delayed, and now we are attending classes under the new scheme (Grade System). Therefore, it humbly requested that we may be evaluated as per the new scheme and awarded Grades.

As for the first two years in which we have studied under marks system, any equivalent conversion formula will be acceptable to us.

It may be added that conversion process has been adopted for the students having 1st year in Marks System and the process is still underway, so if similar or any other suitable formula is adopted in our case we will feel highly obliged.

Sir,

It will be a favour to us if we are evaluated and awarded as per the present practice of Grade Point System.

With Warm Regards

Yours obediently

UNDERTAKING

I, S/o.....

I.D. NO.....Branch..... give my undertaking that I was enrolled in the
year.....and currently I have passed the required number of subjects to get promoted to
..... semester as per the old autonomous semester scheme. Since the old scheme is
discontinued in III/V semester, I am agreeing to the following :

1. I am willing to change my B.Tech. scheme from old scheme to new scheme.
2. That the result either in grade system or in marks system whichever is awarded to me will be acceptable.
3. I shall not object to declaration of my result either in grade system or in absolute marking system.
4. I agree that the number of years of lower semester /year examinations for the purpose of completing the Degree Course within six years in my case (as per ordinance and regulation clause No.2(3) of U.G. programme) would beyears.
5. I understand that my admission is provisional and subject to the approval of the Senate.

5.	Courses in Major Area of Specialization (Major Electives) – Departmental (PG-15)	20-28
6.	Courses in Minor Area of Specialization (Minor Electives)- Interdepartmental or other Specialization of the same department (PG-16)	8
7.	Additional Course – Interdepartmental (PG-17)	4
8.	Project (PG-18)	4
9.	Seminar and Dissertation (PG-19& PG-20-respectively)	10

§ Any course of the Institute running for PG programme other than the Major area of specialization. The course may be taken from the same Dept. but from the different area of specialization.

*The student may take this course in either III or IV semester. He is required to obtain at least C Grade or above. If the student fails to seek the minimum C grade he may take another interdepartmental course in the next semester to earn the required credit with a grade C or higher. The grade obtained in these courses shall not count towards the final CGPA. If the student has any plan to carry out part of the dissertation outside the Institute at the prescribed place he must have to take this course in IV semester.

**With the permission of the Dean, Academic Affairs the student may be permitted to spend upto 6 months in III Semester in a CSIR Laboratory, Defence Research and Development Organization (DRDO), Department of Atomic Energy (DAE), ISRO, MIDHANI, Hyderabad or NEERI for part of the dissertation work. The student will have to obtain a certificate of duty from the Director/Head of the above-referred Laboratories/ Institutions.

Sub :- Special consideration for polytechnic teachers in Part Time
M.Tech. Courses.

Sir,

With reference to the above mentioned subject I want to request you to kindly relax the condition of 60% marks at B.E. level upto 55% for polytechnic teachers. Because sir at the time of our selection R.P.S.C. demanded 55% marks in B.E.

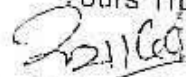

If it is not relaxed than a no. of Polytechnic teachers having an experience of more than 10 years will be deprived of a chance for improvement and otherwise from where will they improve their qualification.

I humbly request you to kindly relax this condition of 60% marks upto 55%. So that teachers like me who have 59% marks in B.E. and an experience of approx. 13 years may get a chance to improve their qualification.

Thanking you.

Date: 26.7.2004

Yours Truly

(Rajeev Yadav)

January 12, 2005

IV semester regular M.Tech students have to register for interdepartmental elective course. There are only limited courses being offered by other departments, which are relevant to ECE branch. In the department, there are two streams running, one is Communication stream and other is Microelectronics. Therefore permission may be granted to IV semester M.Tech students to register for inter-stream courses instead of interdepartmental elective course.

Sub: Agenda Item for imminent Senate Meeting
regarding: 2 extra credits of Building Service
I (totaling 26+2(discipline)+2 = 30) be allowed
to be taken up by VI Semester B. Arch as a
one time exception. Necessary action for the

same:

Sir,
The current III yr. B. Arch studying in the VI
Semester was admitted in the first year with in the
provision of a different teaching scheme. This class
later from the II yr. onwards was taught under
different teaching scheme - under a system of
grade evaluation with credits for different
subjects.

• In the process Building Services - I an
independant course of 2 credits under which
Water supply, Plumbing and sanitation is taught
has inadvertantly been missed out for this batch
alone.

• This is a necessary subject to enable a
students of Architecture to design Buildings and
is one of the primary objectives of their education.

• The subject is already being taught to the
students of this batch as extra classes.

History of Architecture - III

Cr. 3 (2-1-0)

Objective: To understand characteristic features and genesis of "Architectural styles" with reference to causative forces such as climate, society, technology and geographical factors and underlying design theories with reference to Indian architecture.

Contents: Architecture of Indus valley, Buddhist era, Temple architecture of South India, Hindu empires (Deccan style) and Nagara style of Orissa, Central and western parts of India in terms of design parameters, such as art, construction and Indian vastushastra.

Sultanate architecture characteristic features of various Sultanates of Malwa, Bengal, Gujrat, Deccan and Central India, and Mughal architecture.

Reference: Students see the topics.

works of prominent architects. Assignments on

Reference:

1. A History of Architecture - Percy Brown Vol. I & II
2. History of Architecture - Satish Grover.
3. Indian Temple Architecture - Adam Hardy.

AR207 Architectural Presentation Techniques III

Cr. 2 (0-0-3)

Objective: Emphasis is to be laid on graphic skills/presentation techniques/model making etc.

Exercises: Indoors and outdoors sketching in pencil/crayons/colour/charcoal/ink of objects/building/automobiles/vegetation/human figures etc.

Preparation of sculpture/mural. Exercises in clay/POP/ceramics/metal/junk & scrap materials etc.

Study of 3D forms and spaces with basic principles of design like repetition, symmetry, rotation and rhythm.

To,
The Chairman
Malaviya National Institute of Technology,
Jaipur - 302 017.

Sub: To award Ph.D fellowship.

Sir,

It is to bring to your kind notice that the Institute has previously awarded fellowships to Research scholars for pursuing a Doctorate degree.

It is highly unfortunate that the Institute has discontinued this provision (as per Ph.D guideline notification).

I kindly request you that for the academic growth of the Institution, the aforesaid fellowship and an adequate contingency grant should be sanctioned to the candidate.

Thanking you,

Yours faithfully,

Jyoti Joshi
(Dr. JYOTI JOSHI) 24.01.05

Reader, Deptt. of Chemistry

Dean, Academic Affairs.

Director

DEPARTMENT OF ELECTRONICS & COMMUNICATION ENGINEERING
MALAVIYA NATIONAL INSTITUTE OF TECHNOLOGY, JAIPUR

Dated: 24th January, 2005

As per the minutes of the Head of Departments meeting-issues concerning Academic Section-Point no.6, please find enclosed herewith "Agenda for Senate":

1. Requirement of Comprehensive Examination before Ph.D. registration:

Clause 9.1 (b)-(d) regarding comprehensive examination should be dropped and 9.1(c) be replaced by the following:

"The candidate after completion of the course work satisfactorily will be subjected to a comprehensive viva to be conducted by DGC to assess the preparedness of the candidate as well as the suitability of the research proposal."

All subsequent references related to comprehensive examination be deleted.

2. Project Requirement of B.Tech. Assessment (Page 17 of rules):

The clause in Explanation "E & F Grades" as follows: "However, if 'E' or 'F' grade is awarded to a student in project, he/she will not be eligible to repeat the same and will not be eligible for the award of degree" be dropped.

3. Limit of Ph.D. candidates under supervision

The limit of four Ph.D. candidates to be registered with a supervisor should be raised to six. This should be approved in view of the large applicants available in Electronics & Communication Engg. Department.

HOD
Electronics & Communication Engg. Dept.

Department of Computer Engineering
Malaviya National Institute of Technology

Date January 23, 2014

Subject: UG academic activity to encourage research at UG level at MNIT (UGRIN)

Earlier reference: A similar proposal sent on March 8, 2004 for the consideration and adoption of the institute senate.

With reference to the above, enclosed herewith a draft proposal for inclusion in the current UG scheme (approved) which will encourage a healthy research profile for all the department with the help of talented UG students.

It is requested that this proposal may kindly be included as general guiding principle in the next senate meeting for consideration.

(N.S. Gaur)
Computer Engineering Department

Vijal axmi 2/11/14
Head, Computer Engineering

UG Research Initiative (UGRIN)

This proposal is quite similar to an existing scheme working at IIT Bombay to encourage research and development enterprise at UG level. If implemented at MNIT this scheme may help many younger departments on one hand to cope up with the shortage of support staff and on the other hand provide a healthy exposure to the talented UG students and staff.

This plan was presented informally at the local workshop (excellence in teaching at MNIT recently with wide approval).

Some of salient features of UGRIN may be as follows and is explained through a simple FAQ:

1. What is the aim of UGRIN?

To provide UG students, who have excellent academic performance and who are talented, an opportunity to get research exposure/experience by working in an on-going research project. This scheme will help the younger departments to cope up with the perennial shortage of staff which is hampering the development of facilities and utilization of infrastructure.

2. Who should consider taking it?

If a UG student has good CPI (at least 8.5), and he/she can handle extra workload, and he/she is keenly motivated to contribute in research, he/she may opt. There are no other pre-requisites.

3. Why should a student do it?

It will give the student a challenging opportunity to participate in research, and establish his/her research aptitude. It will also appear on his/her grade sheet as research experience. It may also bring to him/her some financial support (pending approval from the project implementation guidelines and institute regulations).

4. Is UGRIN a course or project?

UGRIN involves participating in and carrying out research as a project work.

5. Who can do UGRIN?

✓ the students who have entered through AIEEE can do UGRIN!

6. What are the UGRIN Levels?

The initial UGRIN, called UGRIN-01, is for getting research exposure in any research project in the institute. It has no credits, and it must be done satisfactorily to be listed on your grade sheet. The second level consists of UGRIN-02 and UGRIN-03. These must be done in lieu of the degree projects in the final year. UGRIN-02 is Stage 1 and UGRIN-03 is Stage 2 of the project. The second level UGRIN represents research work, where the student is expected to contribute significantly to the ongoing research work.

7. Must a student do both UGRIN levels?

Both the levels are independent. You may do either or both.

8. Can a student combine UGRIN with practical training(PT)?

Yes, it is possible (see below). However, one can do both also when they are in different summers.

9. UGRIN proposals from faculty :

- o Faculty with on-going research projects should submit proposals to DUGC in a standard format (to be discussed and decided by the academic office/UG board).
- o DUGC should review the proposals to ensure that the work is clearly defined for giving an appropriate level and quantum of exposure / experience.
- o All available and approved proposals should be listed on the homepage of the department for wide publicity.
- o Each department will define procedures for receiving applications from students and for allocations (there can be general guidelines at the institution level).

10. UGRIN-01 (Research Exposure)

- o Generally of six-months duration.
- o Will Operate from Jan-June or June-November in a year
- o A student is expected to work about 8 hours/week during semester course work and full time during summer.
- o It may be combined with PT if the PT slot is in the summer covered by the period of UGRIN-01.
- o A student may be paid Rs. 1,500-2000 per month from research grants with pre specified budget provisions or through staff support.
- o Students should formally register for UGRIN-01 with Academic Office.
- o Students can apply after completing first year of their studies.
- o Student applications should be invited and processed in November and April so that the work can start as per the above periods.
- o Students should not take leave during this period.
- o Students may take UGRIN-01 in any department of their choice.
- o The nature of work is expected to be of development and experimentation type.
- o The students will be evaluated by the supervising faculty on the basis of regular work, interest, and contributions in the on-going work. The pass / fail grade should be sent to the Academic Office at the end of the period.
- o "UGRIN-01 : Research Experience" (as for independent study) will be listed on the grade card only for the students who receive pass grade.
- o The supervising faculty may terminate UGRIN-01 at any time in case of unsatisfactory work of the student.

11. UGRIN-02 and UGRIN-03 : Research Project

- o These are in lieu of the degree project work, and carry same credits.
- o The students are expected to make contributions to the on-going research. The work must result in a technical report publishable as a conference / journal paper.
- o In case of unsatisfactory or inadequate work, student registrations for these will be converted to the normal degree projects. A grade below B will automatically convert registration for this into the standard B.Tech projects.

- The research work will be evaluated by a panel appointed by respective department to ensure a level of contribution higher than an average project (that is typical of degree-level projects).
- The durations will be normally same as degree projects; however, preceding or succeeding summer breaks may be combined.
- Students should take these from their own departments.
- Students may be paid stipend of up to Rs. 3000/- pm from research or consultancy projects.
- If the level and quantum of work is not adequate, the supervisor may terminate the research project and convert it into a normal degree project.
- These projects will be listed as Research Projects on the grade reports

12. **Format for UGRIN Proposals** The following format is suggested to the departments for getting UGRIN proposals from the faculty :

UGRIN Level
 Faculty name
 Other faculty involved in the work
 Area of Research
 Title of the project work
 Description of on-going work : giving goals, milestones, plans, grants, publications, etc.
 Work expected from the student
 Evaluation criteria
 Financial support for the student (if any)

13. **Suggested format for allotment :** The following format is suggested to the department for allotment of UGRIN topics to the students.

UGRIN Level
 Name of Student
 Roll No and CPI of the student
 Dept of Student
 Title of the project
 Name of supervising faculty
 Period of UGRIN
 Is PT being covered (yes/no)
 Stipend for the student and Project Code (as applicable)
 Signatures of the student, faculty and head

14. The project proposals approved by the department and allotments to the students should be sent to Dean (AA) through the Head of the Department for confirmation and further processing.

Procedure

1. UGRIN will be available at two levels, both independent of each other. They will carry codes similar to course codes so that they can be listed in grade reports.
 - UGRIN-01 : Undergraduate research experience
 - UGRIN-02 : Undergraduate research project, Stage 1
 - UGRIN-03 : Undergraduate research project, Stage 2
2. UGRIN-01 will be listed on grade report only if the student performs work

assigned to him satisfactorily. The student is expected to put in about 8 hours of work per week.

3. UGRIN-02/UGRIN-03, being research projects, are expected to be research-oriented, with adequate originality in the work. The quantum and level of work is expected to be much higher than a normal B.Tech. Project and is expected to result in a publication. Their evaluation will carry Grades. If the level of originality is not adequate, these projects will be converted into normal B.Tech. Projects (before or during evaluation time of either stages).
4. UGRIN-02/UGRIN-03 may be evaluated separately (from other B.Tech Projects) by independent panels. UGRIN-01 evaluations will be done by the faculty supervising the work.
5. Topics for UGRIN will be announced well in advanced by the faculty. A topic will be accepted as UGRIN by the DUGC of the department. The proposal will highlight research nature of work, give broader research context of the work, duration, expected background, deliverables, evaluation criteria, etc. The topics may be interdisciplinary in nature, and may be proposed jointly faculty from different departments. The accepted topics will be sent to the Academic Office, who will publish them on MNIT's UGRIN site. The topics may be finalized from this purpose by October and March end each year.
6. The students with no backlogs and good academic performance will be eligible to apply for UGRIN. The applications will be made to the respective DUGCs. A committee consisting of DUGC members and the project investigator (PI) will select students for awarding UGRINs. The selected list of students will be communicated to the Academic Office. These will be treated as registrations for UGRINs.
7. All UGRIN assignments will be evaluated rigorously to ensure their distinctive character. A report on all UGRINs carried out within a department will be submitted to the UG board and Senate on a yearly basis.
8. Institute-level funding may be available for students doing UGRIN-01, whereas research project funds may be used to support students for UGRIN-02/03. The Institute will provide norms for payments to the students.
9. Initially, UGRIN is expected to be available to about 10% students in each department.

B.Tech. Project evaluation

Evaluation Process

10. Each stage will be evaluated separately and graded
11. The guide will give approval for submission of the project report for evaluation, ensuring that the work carried out by the student is adequate.
12. The guide may allocate an "X" grade (at least 1 month in advance of stage evaluation) in case the student has been irregular in interactions and work (a student is expected to have at least one meeting every week with the guide).
13. In special situations (such as prolonged health problem, lack or delay in getting facilities), the guide may recommend to UG board (through DUGC) an extension of maximum one month for submission and evaluation without any

grade penalty.

14. The examination panel (same as per existing rules) may award a fail grade for poor performance and/or inadequate work.
15. In case of fail grade, the student can appear again after 1 month by submitting fresh report; in this case, the maximum possible grade will be limited to "B".
15. The student will be required to register a fresh for the stage in case of "X" and fail grade.
17. An II grade may be awarded on medical grounds (requiring the student to miss the evaluation), in which case, a re-examination will be held after 1 month.

Date January 23, 2004

Subject: Academic networking through project based trainings for external students.

There has been a continuous demand for the external students projects of various levels at our department for summer training and for the final year projects. Additionally, present TEQIP project requires a networking of the local technical institutions may be encouraged. Also, the additional income generated through this activity will generate revenue for the department and will help maintenance and contingent expenditures of department. The projects can be dealt as part of the consultancy for the department.

To make this plan as part of the current system formally, we may adopt a similar scheme which has been adopted at IIT Bombay for the external students.

The format and scheme is attached for consideration in the Institute senate.

External Students projects

Students desiring to do BE/ BTech/ MTech/ etc. projects/ Summer Training at MNIT, Jaipur may do the following.

1. Contact concerned faculty for supervision of the project
2. After getting the consent download the form from institute website, fill it, get it signed by the supervisor and Head of the Department concern.
3. Submit the fully filled form to Academic office for further process.
4. After Dean(AP)'s approval student will be allowed to make payment of fees as given below. Students who spend more than eight weeks in IIT Bombay, will be given temporary identity card and library reading facility. Such students will be required to pay 'External Student Fee' as mentioned below:
 - a. Summer Training (8 weeks) : Rs 2000/-
 - b. Degree Project Work (BE/B.Tech. levels) : Rs 5000/-
 - c. Master's Project work : Rs 7000/-

5. Hostel accommodation is subject to availability.

Subject: Proportionate representation of each department in senate

Department of Computer Engineering deals with two undergraduate courses; each course with a strength of approximately 60 students

1. B.Tech (Computer Engg.)
2. B.Tech (Information Technology)

As on today, the department does not have any professor despite the fact that the approved posts exist. As per current constitution of the senate, only one faculty member (HOD) represents the department in senate. It is felt that departmental academic matters are not sufficiently and strongly represented. However, many departments with smaller student strength have a much better representation. It is emphasized that the department has to undergo much faster changes in academic curriculum. In the academic interest of the department and the institute as a whole, it is requested that either

1. Vote of each faculty member be counted in direct proportion to the student strength or in inverse proportion to the number of faculty members representing a department.
2. Representation of Computer Engineering be increased by inducting faculty members at Reader level at least till a professor is appointed in the department.

Vijay Kumar
Head, Computer 24/1/04

Department of Computer Engineering
Malaviya National Institute of Technology

January 24, 2005

With reference to your letter dated January 18, 2005 and in continuation of earlier letter dated January 24, 2005 (misspelt January 24, 2004), please find enclosed the description of additional agenda items for the next senate meeting.

4. Scheduling examination of VII and VIII semester – As these candidates need to appear in competitive examinations and interviews to further their career, it is requested that either
 - a. DUGC be provided certain flexibility in announcing the date of examination. To maintain uniformity across institute, academic calendar may define a range rather than prescribed dates and guidelines as to number of days to be allotted by a department for mid-term and end-term, etc.
 - b. Or some mechanism is provided to avoid clashes of examination date with above mentioned schedules.
5. It is proposed that a committee including an expert from medical field be constituted to examine medical cases seeking re-examination on medical grounds. Also a provision of writer in case a student meets an accident be made.
6. Attendance mechanism for students appearing for placement talks and interviews need to be put in a framework.
7. It is requested and emphasized that minutes of meeting be prepared keeping in view of the decorum of the Senate.

MALAVIYA NATIONAL INSTITUTE OF TECHNOLOGY, JAIPUR.DEPARTMENT OF HUMANITIES

No. 1352

Dated 12-1-05.

Classes of VI semester were due to begin on the 10th of January 2005. A copy of the syllabus and Curricular Structure for Technical Communication has already been dispatched to you.

Kindly send the time table at your earliest.

Vibhuti Singh Shekawat
(Dr. Vibhuti Singh Shekawat)
Head
Department of Humanities

Copy to :-

Heads of the Department of : ~~Electrical~~; Mechanical, Computer, Information Technology, and Electronics.

The above subject (Technical Comm) was to be floated in V Sem. by Dept. of Humanities but could not be done due to shortage of staff.

The same is now being floated in VI Sem. (ECE)

The students should be allowed to do so in VI Sem and their registration for this subject in V sem. be treated as cancelled.

MALAVIYA NATIONAL INSTITUTE OF TECHNOLOGY, JAIPUR
(Deemed University)

MINUTES OF THE FIRST MEETING OF THE P.G. BOARD (THE SUB
COMMITTEE OF THE SENATE) HELD ON OCTOBER 23RD 2003

The first meeting of the Board of Post Graduate Studies and research (P.G. Board) was held on 23rd October 2003 at 4.00 PM in the Committee Hall of Design Centre, MNIT, Jaipur. The following were present:

1.	Prof. S. Sancheti, Dean, Academic Affairs	Chairman
2.	Dr. A. K. Bhargava, Officer-in-charge PG	Convener
3.	Sh. R. N. Sharma, Architecture Dept.	Member nominee
4.	Dr. M. C. Govil, Computer Engg.	Member nominee
5.	Dr. Sudhir Kumar, Civil Engg.	Member nominee
6.	Dr. R. K. Vyas, Chemical Engg.	Member nominee
7.	Dr. (Mrs.) Jyoti Joshi, Chemistry Dept.	Member nominee
8.	Sh. D. Boolechandani, Electronics & Comm. Engg.	Member nominee
9.	Mrs. Nikita Jhajharia, Electrical Engg.	Member nominee
10.	Dr. R. K. Yadava, Metallurgical Engg.	Member nominee
11.	Dr. K. C. Jain, Mathematics Dept.	Member nominee
12.	Dr. D. K. Sharma, D.M.	Member nominee
13.	Dr. Y. C. Bhatt, Physics Dept.	Member nominee
	SPECIAL INVITEE	
1.	Sh. Sanjeev Agarwal, Electronics & Comm. Engg.	Officer Incharge Results
2.	Sh. J. K. Jain, Civil Engg.	Officer Incharge (UG)
3.	Sh. V. S. Pareek, Electrical Engg.	Officer Incharge (TI)

The following members could not attend the meeting:

1. Dr. V. S. Shekhawat, Humanities and Social Sciences Dept.
2. Dr. A. P. S. Rathore, Mechanical Engg.
3. Dr. R. C. Gupta, Structural Engg.

At the very outset Chairman, P. G. Board welcomed all the members. He briefed out about the various functions of the board. The agenda items were then taken up for discussions.

1. To consider the discrepancies in Academic Programme and Syllabi presently offered

The various discrepancies in the Academic programmes and Syllabi offered presently were pointed out and it was suggested to rectify the same. A committee of four members including Dr. A. K. Bhargava (Convener)

Dr. K. K. Yadava, Dr. Sudhanu Kumar and others constituted to form guidelines for framing the Academic Calendar, Codes etc. as per P.G. Ordinances and Regulations (No. 1).

The committee was requested to submit the report by 31 October 2003.

2. **The preparation of II Mid-Term Examination and End-Term Examination**

- (i) The standing instruction and guidelines for UG examination were circulated among the members and discussed. Regarding returning End-Term Examination Answer Books to the students, some of the members wanted to not to adopt this practice.
- (ii) The Academic Calendar was also distributed and discussed.
- (iii) The format for Award List and Grade Sheet were provided to members. It was informed to the members that details for grade will be provided later.

3. **Any other matter**

The constitution of DRC was also discussed and it was decided to recommend the following:

- (i) DRC (PG Programme) to have the following members:
 - 1. Chairman HOD.
 - 2. Members Two member elected by DFB
 - 3. PG Coordinator.
- (ii) DRC (Doctoral Programme) to have the following members:
 - 1. Chairman HOD
 - 2. Members Supervisor(s)
 - 3. Subject Expert May be from the same department or outside the department
 - 4. One faculty member Member elected by DFB

The meeting ended with a vote of thanks to the Chair.

Dated: April 15, 2004

Please find enclosed AICTE norms (as downloaded from AICTE's website) for starting a new ME/MTech programme. As per these norms, a minimum of

2 Professors and 2 Associate Professors, 4 lecturers (shared with UG programme)

OR

1 Professor and 3 Associate Professors, 4 lecturers (shared with UG programme)

are needed to start a new PG programme.

Hence it is requested that necessary amendments in the faculty required for proposed PG programme may kindly be made in accordance with these norms. These changes may kindly be propagated to the teaching scheme of the proposed PG programme to be placed in forthcoming senate meeting.

Vijay Kumar

Head, Computer Engineering Department

The Norms and Standards for establishment of new M.E./M.Tech./M.Pharm programmes for the academic year 2004-2005.

Essential requirements for applying :-0

- The institution must be accredited or
- Two batches of students in the relevant discipline must have been passed out with 100% of AICTE norms and standards for UG programme having fulfilled.
- One programme from one department per year shall be given approval
- Intake may not exceed 18 when first approval is given.
- Intake may be enhanced to 25 subsequently based on the development of infrastructural facilities.

New Norms have been stipulated as an interim arrangement for the academic year 2004-2005. The following are new Norms and Standards :-

1. **Land :** Not Applicable for existing Institutions.
2. **Built Up Area :-** 2 class rooms with area of 40 Sq.m and individual staff room facilities with area 40 Sq.m. Seminar room with OHP, LCD must be available with 100Sq.m, Hostel facilities is preferable.
3. **Laboratory facilities :** Laboratory for the discipline of Engineering for which application is made must be well equipped for first year of the programme with area 100 Sq.m, which at the end of the first year must be improved with facilities for second year to take up the project work. Even if laboratory class is not stipulated in the curriculum, well equipped laboratory must be available for doing the project work, MOU with Central Research Laboratories or Higher Level Education Institutions such as IITs, IISCs etc for undertaking the project by the post graduate student may be entered or signed. Sufficient No. of Computers with internet facilities should be available.

4. **Library:**

- Research Journals - 1 no. in each of specialisation.
- Totally 100 titles and 500 books covering all the topics in the syllabus Text Books in each of the topics at least 2 books and 2 reference books
- 25% of the books must be of the latest publication i.e. after the year 2000.
- Photocopying facility, video projection facility must be available in the library.

5. **Funding -** Rs. 10 lakhs per annum for Recurring expenditure apart from Salary of the Staff.

6. **Faculty :-**

2 Professor and 2 Assistant Professors or

1 Professor & 3 Assistant Professors in each P.G subject.

4.Lecturers (May be shared with UG program).

Professor :

Main body of handwritten text, consisting of several lines of cursive script.

AGENDA SENATE MEETING

Admission in I Year Architecture for diploma holders of polytechnics who have successfully completed their Undergraduate studies in Architecture from MREC/MNIT and have already been awarded Bachelor of Architecture degrees from University of Rajasthan/MNIT.

The above students were admitted in this Institute in II Year B. Arch (as lateral admissions) after completing a 3 year diploma in Architecture/Architectural assistantship from polytechnics. They have already successfully completed their Undergraduate studies and were awarded B. Arch degrees from University of Rajasthan/MNIT.

The Council of Architecture, which is the governing body for the profession and education of Architecture in this country, neither recognizes nor registers these ex-students, resulting in their being unable to practice the profession of Architecture.

The Council has, however, written a letter (enclosed) to this Institute, stating, that it is willing to consider these cases sympathetically and to register them, provided, these students are taught the I Year course, take exams and produce a mark sheet as proof thereof.

This proposal is placed before the senate so that a special accelerated program of I Year B. Arch for these 8 students is run, exams conducted and on successful completion, a mark sheet of I Year B. Arch be awarded to them. The format of such a course would be of the original syllabi and Teaching scheme (annual scheme) of University of Rajasthan/MNIT.

Subject : Registration as an Architect under the Architects Act, 1972 - reg.

Sir,

I am directed to state that the Council of Architecture, at its 44th meeting held on September 20, 2004, reconsidered appeals/representations received from some students of Lucknow University whose applications for registration were rejected by the Council of Architecture since they had pursued 5-year B.Arch. degree course offered by Lucknow University after they were laterally admitted directly into the second year of said course on the basis of 3-year Diploma in Architecture/Architectural Assistantship. As such, they had not undergone the B.Arch. course as per Council of Architecture (Minimum Standards of Architectural Education) Regulations, 1983, which have no provision for lateral admission to B.Arch. programme at any stage of the course.

These students submitted to the Council that Secretary, Technical Education, Govt. of Uttar Pradesh, Vice-Chancellor, U.P. Technical University and Principal, Govt. College of Architecture had arranged for Special classes and Special examination for the first year of B.Arch. degree course which were conducted and supervised by U.P. Technical University, Lucknow. These students had undergone special classes and passed a special examination for first year of B.Arch. course. They approached the Council of Architecture after passing the said examination and submitted their first year B.Arch. marksheet with a request to reconsider their registration. A copy of the said marksheet is enclosed herewith for your ready reference.

Further, the Council of Architecture, while considering their appeals, also considered the fact that there are some other Universities (including your University) which have in the past offered lateral admission into the second year of the 5-year B.Arch. degree course to the students on the basis of 3-year Diploma in Architectural Assistantship or 3-year Diploma in Architecture. The applications of such students who applied for registration as an architect were also rejected by the Council of Architecture.

The Council of Architecture at the above said meeting deliberated in detail on the matter and felt that the matter requires sympathetic consideration in order to remove hardship of such students. Accordingly, the Council resolved that ~~B.Arch. pass out students, who have undergone the first year of B.Arch. course, presently conducted by U.P. Technical University, Lucknow or by any other University in future, after initially completing and passing the course from the second year of B.Arch. Course, including the applicants whose appeals were rejected by the Council now and in the past, be considered for registration as an architect under Section 25(a) of the Architects Act, 1972 and registered by issuing the Certificate of Registration by the Registrar, Council of Architecture.~~

(Handwritten signature)

The Council of Architecture further resolved that all those schools/colleges of architecture/ Universities be informed to file one-time solution made available to the B.Arch. pass outs to avail of this opportunity on the lines of students of Lucknow University who were re-admitted by university & completed the first year of 5-year B.Arch. course. This relaxation shall be applicable to all students who have passed the B.Arch. Course upto the academic session 2004-2005, after taking lateral admission in second year on the basis of 3-year Diploma in Architecture Architectural Assistants etc.

In view of the above, I request you to kindly take necessary action at your end.

Yours faithfully,

Vinod Kumar
Registrar

Encl. : as above.

[Handwritten signature]

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be clearly documented and verified. This process is essential for ensuring the integrity and reliability of the financial data.

In the second section, the author outlines the various methods used to collect and analyze data. These methods include direct observation, interviews, and the use of specialized software tools. Each method has its own strengths and limitations, and they are often used in combination to provide a comprehensive view of the subject matter.

The third part of the document focuses on the results of the research. It presents a series of findings that have been carefully analyzed and interpreted. These findings provide valuable insights into the current state of the industry and identify key areas for future research and development.

Finally, the document concludes with a series of recommendations based on the research findings. These recommendations are designed to help organizations improve their operations, increase efficiency, and better serve their customers. The author believes that these suggestions are both practical and effective, and they hope that they will be widely adopted.

Capital budgeting techniques, Risk and uncertainty analysis, Debt. Management, Cost of capital, New financial instruments., Capital structure – Theories. Working capital management. – Planning and Financing of working capital, Risk analysis in working capital. Receivables and Inventory Management. Dividend policy – Factors, Models and Share valuation, Leasing-types, mechanics, evaluations, hire-purchase vs. leasing

BM 508: Industrial and Economic Environment (3L1T) Credit- 4

Economic growth and development planning concepts and strategies in the Indian context. Socio-economic, Cultural and demographic perspectives. Resources, Capital, Labour and technology interrelationship in the Indian economy. Review of the five- years plans in India. Agricultural Sectors: Performance, Practices and Institutions. Industrial Development in India: Performance policies and prospects, Industrial policy and regulation. Small Scale and Cottage Industries. Industrial Financial Institutions and Stock Exchanges. Company laws and Business laws. (Sale of Goods Act, MRTP and FERA) Fiscal, Monetary and trade policies. Foreign Direct Investment Liberalization in telecom, insurance media and other sector, intellectual property rights, concept & implication, WTO, interaction between Govt., business and different Chamber of Commerce Industry.

BM 510: Strategic Management (3L1T) Credit- 4

Policy and Strategy - Definitions, Purpose, Levels and Areas. Strategic Management Elements. Mission and Objectives of Organisation and strategic business units. Environmental Analysis and Diagnosis. Strategic Advantage Analysis. Strategic Alternatives and Choice. Functional strategies. Strategy formulation, implementation and evaluation. Strategic Management Process. Strategic Technology Management. Strategic International Management. Strategic Human Resource Management. Strategic Marketing Management.

BM 512: Project Management (3L1T) Credit- 4

Industrial development, Corporate Growth and Business Development. Product innovation Research and Development, Formulation and Implementation of R & D Projects. Project Identification and Formulation; Need Analysis, Resource Surveys, Market Research; Feasibility Analysis. Technical Feasibility, Technology forecasting, Choice of Technology, Choice of Process Technology Assessment technology Transfer, Techno Economics Analysis, Appropriate Technology. Analysis of Infrastructure; Inputs Transports, Elements of Economic Geography, Location, Site Selection. Investment Analysis Principles. Industrial Policy; Incentives and Regulations. Cost Estimating Cost - Benefit Analysis, Financial Analysis, economic Analysis, Social - Cost Benefit Analysis, UNIDO, World Bank and OECD Methodologies. Project Financing; Source of Finance, Cost of Capital, Capital Structure, Internal Finance & Foreign Exchange Regulation, Projects and Contracts Planning and Co-ordination, Project Scheduling and

Handwritten text in the upper right quadrant of the page.

Handwritten text in the lower right quadrant of the page.

Monitoring Tools and Techniques, Project Management Information System and Documentation, Computer Applications in Project Management.

BM 602: Business Communications (1L2T) Credit- 3

Objective: To help develop skills for effective communication in business environment. Short Syllabus: communication in Formative Stages; CV, Interviews, Group Discussions and Report Writing, Communication at Work; Verbal, Written, Individual and Mass, Legal and Press; New Techniques in Communication

Syllabus of Open Electives

BM 611: Computer Application in Management (3L1T) Credit- 4

Element of Computer System Set-Up; Different PC _ Software Packages; Modes of Data processing; Software Development Process; File Design & Report Design; Data File Structures; Program Development Cycle; Flow charting; Input-Process-Output Analysis; Report Generation & Label Generation; Programming Concepts; Use of Files in Programing; Presentation Graphics, Data Communications; Networking and Management of Data Processing Systems in Business Organizations; Introduction to Internet.

BM 612: Entrepreneurship Development (3L1T) Credit- 4

Short Syllabus: Innovation and Entrepreneurship; Role of Entrepreneur, Entrepreneurial Skills and Abilities; Intrapreneuring; Business Incubators; New Venture Creation and Management; Project Formulation and appraisal; Innovation; technology Development and Commercialization; Role of financial an Development Institutions; Venture Capital; Corporate Entrepreneurship; Developing the Business: business idea; Business Plan; Marketing; Financial and Organizational Plan; Managing the Venture: Early Operations; growth and Expansion; Ending the Venture; Management of Growth; International Entrepreneurship : Opportunities and Problems; Entrepreneurs as Leader; Entrepreneurial Organization; Entrepreneurs in small Business Enterprises; entrepreneurship Development Institutions.

BM 613: Management of Large Systems (3L1T) Credit- 4

Short syllabus: Systems Concepts: Systems and Cybernetic system approach; types and configuration of Large Systems; Management of Large Systems; Managing Technology and Environmental Impacts of Large systems; Optimization Learning Systems; Use of Simulation; IT Based Methods for System Solution.

and Prospects of Indian Business Abroad. Social and Ethical Issues and Future of International Business.

BM 619: Legal Aspects of Business (3L1T) Credit- 4

General Introduction to law; The Indian Contract Act, 1872; Essentials of a valid contract; Offer acceptance, communication, promise, agreements; Voidable and void agreements; Performance of Contracts; Breach of Contract and its remedies; Quasi-Contracts; Breach of Contracts; The Sale of Goods Act. 1930: Formation of a Contract, rights of an unpaid Seller; The Negotiable Instruments Act. 1881: Nature and types of negotiation and Assignment, Holder-in-Due course, Dishonour and Discharge of a Negotiable Instrument; The Companies Act, 1965; Nature and Types of Firms and companies Formation; SEBI; Memorandum and Articles of Association Prospectus allotment of Shares; Shares and Share Capital; Membership; Borrowing Power; Management and Meetings; Accounts and Audit; Compromise Arrangements and Reconstruction; Prevention of Oppression and Mismanagement; Winding Up; Income Tax Act; Sales Tax Act; Legal Aspects of Technology Transfer; Intellectual Property; Licensing of Patents, trademarks and other forms of IP; Provisions regarding control and Regulation of Industries ; MRTP and FEMA, Consumer Protection act 1986; Legislative Aspects of Personnel Recruitment Compensation; Grievance Redressal, Industrial Safety and Trade Unions in India.

BM 620: Business Statistics (3L1T) Credit- 4

Introduction of Statistics and elements of sampling; Sampling methodology, sampling distribution, random simple numbers, Sampling from continuous probability distribution, Destination-introduction, properties of estimators, maximum likelihood estimators, interval estimation and examples, Hypothesis testing of large samples—conceptual frame work of hypothesis testing problems, Hypothesis testing of Binomial Proportion, Hypothesis testing about mean of a population, Inference from small samples— Hypothesis testing for mean of a normal distribution, for equality of two normal means, Two sample test with paired observations, small sample test for the variance of a Normal distribution, Small sample test For equality of variances in two Normal distribution, Confidence Interval for the mean and variance of a normal Distribution in small sample, Goodness of Fit test, Analysis of Variance, Regression and Correlation, Decision Theory.

BM 621: Management Information Systems (3L1T) Credit- 4

Short Syllabus: Decision Making and MIS; Latest Trends in Information Technology & Information Systems; Internet Based Application, Different Aspects of Computer Based Information Systems; Deciding on IS Architecture; Structured Systems Analysis; System Development, IS Strategy and Effects of IT on Competition; Socio Economic Impact of Information Technology.; Principles of and Practices in SQL

Detailed Syllabus of Major Electives

Technology Management

BM 661: Management of Technology Transfer(3L1T) Credit- 4

Process of Technology Transfer: Mechanisms for Technology Transfer, Outsourcing, Licensing, Product Consortia, and Joint Ventures. Analytical and Empirical Models of Technology Transfer. Technology sourcing: in-house R & D, Other firms, Laboratories, Academia, Technology Pricing Models. Managing Successful Technology Transfer; Organizational Capabilities, Technology Assimilation and Diffusion. Policy Environment for Technology Transfer. Case Studies in Technology Transfer. Global Technology Transfer and Technology Flows. Role of Multinationals. Technology Transfer to LDC's and Niches. Technology Learning through Technology Transfer. Regulatory and Promotional Framework Developing TT Agreements.

BM 662: Management of Innovation (3L1T) Credit- 4

Element of Creativity, Creativity thinking and Creative action, Nature of innovation, Stimulating innovation, Designing and Structuring innovation, Managing ambiguity and paradox, Autonomy and entrepreneurship techniques of creativity, Element of Organisational excellence, Appraisal system, Innovation and Quality.

BM 663: Design Management (3L1T) Credit- 4

Technology & Design. Nature of Design and Development Process. Setting up a Product Design and Development Unit. Manpower Planning for D & D Unit, Designer Attributes and Designer Selection. Managing Creative design Teams. Methods of Enhancing Creative Output, Design Brief/Design Evaluation, Costing of Design Effort, Corporate Design k& Development Policy. Planning a Design Programme, Patenting & Design Registration, Evaluation of Design. Case Studies.

BM 664: Technology Management: Strategic Perspective(3L1T) Credit- 4

Understanding Technology, Technology-Management integration. Life-cycle approach to technology management, Technology management, Technology forecasting, Generation and Development, Technology flow, Diffusion and assessment, Technology transfer, Evaluating technology and concerns of phasing out and upgradation. Strategic management of technology, Technology operation and quality concerns, Structure and technology, Investing for technological maintenance and growth, Market factors in technological operation, Human factors in technological operations. Joint ventures, Technology support system, Information networking for technological upgradation.

BM 665: R & D Management(3L1T) Credit- 4

Introduction, Importance of planning, Choice and objectives of technological forecasting, Proposal preparation and motivative effort to initiate the research and development programme, concept of creativity, Group approach to idea generation, conditions for successful growth of creative ideas to realization, Quality of research personnel and staff selection, Organisation and special problems of research and development, Conducting research and development project, Scheduling, monitoring, and decision making for cost effectiveness, Accountability and responsibility.

BM 666: Technology Forecasting and Assessment(3L1T) Credit- 4

Forecasting to Support Technological Strategic and Operational Planning. Elements of A Forecasting Process. Forecasting Techniques Based on Time Series Models, Precursor, envelope Curves and Experience Curves. Technical Assessment, Delphi Method, Qualitative Techniques based on Morphological Analysis and technological Gap analysis. Organising for Technology Forecasting. Case studies in Equipment Design and Information technology. Technology in Social Context Assessment: Components; Problems Definition, Description, Social Description, Forecasts. Impact Identification, Measures, and Assessment. Strategies for Assessment. Bounding of assessment. Impact Analysis, economic Impact Analysis. Qualitative and Quantitative facets. Assessment of Risks and Uncertainty. Safety and environment Regulation, Critiques.

[The page contains extremely faint and illegible text, likely bleed-through from the reverse side of the document. The text is scattered across the page and does not form any recognizable words or sentences.]

BM 667: Management Of New Ventures(3L1T) Credi. 4

Concept of New Ventures; New Venture Management; An Overview Managing Issue of Different Fronts Simultaneously, Strategic and Operational Implication. Project Reassessment: Problems in Implementation, Cost and Item Overruns, Recasting Assumption, New Environmental Framework, Project Viability, Technology Absorption: Product and Process Technologies, Appropriate Technology, Import/Indigenous Availability of Technology, Policy Issues in Finance: Shortage of Operating Funds, Sources of Funds and How to Tap Them, Venture Capital Financing, Policy Issues in Marketing: Characteristics of Marketing, New Venture Products and Services, Constraints, Successful Strategies in Practice, Networking, in New Venture: Networking with Industries, Networking with Institution, Type of Networking, Survival and Growth Networking, Operational and Strategic Networking, Developing Systems in New Venture: Planning for Growth, Change in Structure and Systems, New Ventures and Strategic Planning.

Production Management

BM 671: Strategy Oriented Production Management Systems(3L1T) Credit- 4

Strategic role of production Management-Meshing of Short and Medium Term Operations planning and Control with Long Term Strategic Goals of the Organization.

Concepts of Strategy, hierarchy of strategic decisions.

Strategic Choices in Manufacturing

Capacity -amount, timing, type

Facilities -size, location, specialization (focus)

Process -Span, scale, flexibility

Vertical -direction, extent, balances,

Integration -alternatives

Vendors -number, structure, relationship

Quality -strategic role, various dimensions, balance

Systems -Organisation, Planning, Scheduling and Control.

Human Resources -People based strategy, various practices Emerging production management

concepts & practices, such as Just-in-Time with examples and cases.

Manufacturing strategy inter-connectedness with financial, costing and reward systems and need for change in reporting and evaluation systems. Service Operations Strategy-comparison with manufacturing strategy.

BM 672: Computer Integrated Manufacturing System(3L1T) Credit- 4

Microprocessor applications, Local area network software.

Computer aided design, Two dimensional drafting, Three dimensional modelling, Computer aided manufacturing, Robotics and their applications, Computer controlled material transport system (AGVS), CNC & NC part programming, Flexible manufacturing system; Design and operations problem, office automation, Application of computer networking and communication in production and service industries.

BM 673: Total Quality Management(3L1T) Credit- 4

Concept and philosophy of Total Quality Management, Understanding Quality, Quality Maintenance and Quality assurance, Quality Management Systems ISO 9000, Quality Planning Strategy: Quality audit documentation and information systems, Quality of work life, Quality circles, Organising and managing employee involvement, Union involvement and managers at various management levels, Statistical and Quantitative Techniques for total Quality control and assurance of products and process, Quality function development, Taguchi methods for offline control, The need for lifestyle approach to design and evaluation, Careful need for integration of Quality of maintenance, Reliability and productivity, Integrated Technology, People, Quality and productivity for achieving higher Quality of life.

BM 674: World Class Manufacturing Systems(3L1T) Credit- 4

The Imperative of WCM, Evolution of WCM, Building Blocks of WCM, Benchmarking for WCM, Advanced Manufacturing Technology (AMT) for WCM - Definition, Evaluation and Their Competitive Potential, AMT's in Use - CAD/CAM, Computer

Aided Process Planning (CAPP), Flexible Manufacturing Systems (FMS), Computer Integrated Manufacturing (CIM), Enabling Systems for World Class Manufacturing (WCM), Just in Time (JIT) Systems, Group Technology (GT), Design Manufacturing Integration (DMI), Learning Organisation, Integrative Planning Systems (MRPII/ERP), Accounting Systems (ABC), Benefits and Economic Justification of WCMs, Implementations of WCMs, Barriers to Implementation, Strategic Implication of WCM, Role of WCM in Competitive Strategy, Choice and supplier Selection.

BM 675: Facilities Planning (3L1T) Credit- 4

Facilities Location, Facilities Sizing, Facilities Layout including office layout, Land scaping etc., Facilities Design, Automated Storage and Retrieval, System Material handling, Automated Guided Vehicles, Group Layout, Line Balancing, Quantitative Methods in Location Layouts, Material Handling, Computerisation in Location, Layout planning and Facilities Design.

BM 676: Business Process Simulation(3L1T) Credit- 4

Role of Simulation-Scope and Purchase Involved In Simulation Process, Simulation Modeling-Stochastic Models, Process generators, 'What If' Scenarios, Simulation Languages, Simulators Simulation software's-Evaluation and Application case Studies in Corporate Planning, Marketing, Inventory, Scheduling, quality, Capital budgeting, System Dynamic Models and their Corporate Application.

BM 677: Production Management: (3L1T) Credit- 4

An overview: Introduction, Systems concept in Production Management, Objectives in Production/operations management, Production Management Decisions, Type of Production System, Management of materials in production systems, Concepts in systems life-cycle, Role of scientific method in production/operations management.

Work and Job design: Work Design: Introduction to work design, The work-study Approach, An overview, Method study, Work Measurement, Job Design, introduction job design, Design factors environmental factors, Organizational factors, Behavioural Dimensions of job design, Socio-Technical approach to job design.

BM 678: Manufacturing Strategy(3L1T) Credit- 4

Manufacturing's Role in Corporate Strategy, Defining Product Markets, Competitive Priorities and Manufacturing Tasks, New emerging Paradigms of Manufacturing, Value creation and Flexibility Manufacturing policy Formulation and Implementation Structural and Infrastructure, Theory of Constraints Capacity and Facilities Strategy, Manufacturing Technology Strategy, Vertical Integration Sourcing and Outsourcing Organizational Focus and Manufacturing Strategy Linkages between Manufacturing & Marketing R&D, Technology and Business Strategies Strategy Audit and Evaluation, Manufacturing Performance analysis strategies for Engineering and process industries.

BM 679: Business Process Reengineering(3L1T) Credit- 4

Management of Change; TQM, Kaizen and ISO 9000; Process Definition, Business Process Structure, Role of Information Technology, Net Working, Shared Data Base, Distributed Computing & Experts Systems, Process Redesign and Evaluation, Case Studies - Kodak, Ford Motor, IBM Credit, Etc. The Indian Scene-Private and Public Sector, The Challenges and Imperatives, Detailed BPR Methodologies and Application: Implementation and Evaluation.

Information Technology System Management

BM 681: Internet and Web Programming(3L1T) Credit- 4

Introduction to computer networks; Different types of Networks; Internet as a global network; Evolution of Internet; Basic Internet Anatomy, Internet Connectivity – Dial up, Leased; Basic Internet Protocol : TCP/IP; Internet Applications : Electronic Mail, World wide Web, WWW Applications, Domain Names & associated aspects, Chat applications : Web Chat, Chat Applets, IRC, Search and Gopher services, Internet Telephony, Telnet, Multimedia on Internet, Internet Security, E-commerce.

Introduction to Web Sites; Elements of web sites, Introduction to HTML; Sample page development; URLs and linking of pages; Development of sample project

4

Static and dynamic web sites; VB Scripts and Java Script; Introduction to Web Servers – IIS; ASP 2.0 introduction; Simple ASP programs; Database connectivity using ASP; ADO Objects. Other ASP Objects their methods and properties; Sample ASP Site development.

BM 682: Object Relational Data Base Management System(3L1T) Credit- 4

ORDBMS- DRDBMS, Concepts, Oracle, Architecture, SQL, Logical & Physical Database Structure, Administering the Oracle Database, Backup & Recovery, Performance Tuning, Database Migration, Security Issues for a Database.

BM 683: Distributed Data Processing(3L1T) Credit- 4

Distributed Processing Potential : Forms and Distributed Processing Strategies. Distributed Data Processing : Concept and implementations considerations; Vertical, horizontal and heterogenous systems. Network Structure and Architecture : Type of Networks and OSI Architecture, Wide Area Network (WAN), Metropolitan Area Network (MAN) and Local Area Network (LAN). Design Considerations of WAN and MAN related issues like TCP/IP, X.25 Gateway, Bridge, Repeater Router. Use of WAN, MAN in application systems. Design considerations of LAN and its implementation criteria : Ethernet, ARCNET, Token ring. Application System development consideration in LAN environment and its advantages.

BM 684: Software Engineering(3L1T) Credit- 4

Introduction to Software Engg., Software requirement applications, Planning and managing software projects, Software design concepts, Principles and Strategies, Coding, Testing and Maintenance, Object oriented software engineering, Software quality assurance, Case tools for software development.

BM 685: Advanced Software Development Tools(3L1T) Credit- 4

Windows Programming, Visual Basic, Developer/Designer 2000/Power Builder 5.0, Practical using Windows SDK, X-Windows, Visual Basic and latest available.

BM 686: Fundamentals of E-Commerce(3L1T) Credit- 4

Background, Need for E-commerce, Scope of e-commerce, Applications of E-commerce, Branches of e-commerce: Business to business, business to consumer, consumer to consumer, careers in this field,

BM 687: ERP: Concepts(3L1T) Credit- 4

ERP: Evolution, Characteristics, features, components, Need, Evaluation Criteria for ERP Packages, The ERP Domain, Understanding the business Processes and functions, Business Engineering and ERP, Enterprise Modeling and Integration for ERP, Advantages of ERP.

BM 688: Information and Decision System (3L1T) Credit- 4

Review of Decision making process in business and industrial environment, Quantitative Techniques for decision making Gaming and game theory, Group decision making Evolution Decision Support System (DSS) Specific DSS, DSS generator and DSS Tools. Data, Model and dialog Management system and Interfaces between them, Graphical and quantitative tools to build model and model management system, Adaptive Design approach to DSS

development, Accommodation cognitive style in DSS, Integrating Expert and Decision Support Systems, Group Decision support system and case studies.

BM 689: Object Oriented Development Methodologies (3L1T) Credit- 4

Need of object oriented programming, Procedural languages, The object oriented approach, advantages of OOP Characteristics of object oriented languages, Objects, Classes, inheritance, Reusability, New Data Types, Polymorphism and overloading, Object oriented Programming using C++, Overview of C++ programming Basic program construction, Input, Output Statements, Preprocessor Directives, variables, Data Type, Manipulators, Operators, Type conversion, Loops & Decisions Structures, Enumerated Data Types, Functions Passing argument to functions Returning values from functions, Reference arguments, Overloaded function, Inline functions Default Arguments, Variables and storage classes returning by reference, Object and classes: A simple class, C++ objects as physical objects, C++ object as Data Type, Constructor and destructors, Objects as function structures can classes, Classes, Objects and Memory, State class Date Arrays:- Definition array, Array Elements accessing array elements, Overview array elements, initializing arrays, multidimensional arrays: Passing array to functions, Arrays of structure, Arrays as class member Date, Arrays of object linkings, Operator overloading: Overloading unary operator, Overloading Binary operators, Data conversion, Pitfalls of Overloading & conversion, Inheritance: - Derived class and Base class, Derived class constructors, Member functions, Class hierarchies, Public and private inheritance, Level of inheritance, Multiple inheritance and program development, Pointers:- Addresses and pointers, Pointers and arrays, Pointers and function pointers and string, Memory Management (new and delete) Pointers to Objects, Linked Lists, Pointers to Pointers, Files and Streams: - Streams, String I/O, Object I/O, character I/O, Object I/O, with multiple objects, File pointers, Command Line arguments, C++ Class Library: - String class, stack class, Container class hierarchy, Data class, List class, Queue class.

BM 690: Artificial Intelligence & Expert Systems in Business (3L1T) Credit- 4

Introduction to Artificial Intelligence: Simulation of so called intelligent behavior, in different areas: Problem solving, games, natural language question answering, visual perception, learning: Aim-oriented (heuristic) algorithms versus solution guaranteed algorithms, Understanding Natural Language: Parsing techniques, context free and transformational grammars, transition nets, augmented transition nets Fillmore's grammar, Shanks conceptual dependency grammar's free analysis, sentence generation, Translation, Knowledge Representation: First order predicate calculus Horn's clauses; The language PROLOG; Semantic nets, augmented transition nets Fillmore's grammars Shanks's partitioned nets, Minsky's frames, case grammar theory; production rules, knowledge base; the inference system forward and backward deduction, Expert System: Existing Systems (DENDRAL, MYCIN); domain explorations: Meta knowledge, expertise transfer, self-explaining systems, Pattern Recognition: Structured Descriptions; Symbolic description machine perception, line finding interpretation semantic and models, Object identification speed recognition, The language LISP and/or prolog is to be covered in this course.

Human Resource Management

BM 651: Organizational Development(3L1T) Credit- 4

Concept, Definition, Nature and need of Organisation Development (OD), Formal and Informal Organisation, Organisation Design, Organisation as a System, Organisation Development Process and Training, Management by Objectives (MBO): Goal Setting and MBO Process in Organisation, OD and Action Research, OD Interventions: Inter-group Team Building, process, Consulting, Survey Feedback and Grid Organisation Development, Managing Change and Organisational Growth Strategies, Contemporary Research in OD and its future.

BM 652: Decision Making and Conflict Management(3L1T) Credit- 4

Decisions Making: Nature & Types of Decisions Making and Managerial Roles.

Centralised versus decentralised decision making.

Behavioural Analysis of Decision Making.

Group Decision Making.

Conflicts in Decision Making, Role conflicts - Social Conflict, Managing Conflicts, Conflicts Avoidance Techniques, Ideas Testing in Decision Making, Decision making by Consensus Participative Management, Leadership and Power.

BM 653: Management Training and Development(3L1T) Credit- 4

Management training Process and Objectives : Conceptual Framework, Learning process and Training, Methods of Training Needs Identification, Levels of Training on the Job and Off - the Job Training, Designing and Planning training programmes.
Role of Training Departments : Styles of Coordination, Trainer Qualities and Skills.
Management Training Methods : Lectures, Case Method, Incident Process, Role Playing, Management Games, Sensitivity, Training, Programmed Instruction, Use of Audio - Visual Aids.
Management Training and Organisation Development.
Process of Action Research.
Evaluation of Management Training : Strategies & Techniques.
Educational Technology and Future of Management Training.

BM 654: Labour Legislation in India(3L1T) Credit- 4

Wages & Bonus
-- Payment of Wages Act, 1936
-- Minimum Wages Act, 1948
-- Payment of Bonus Act, 1965
Social Security
-- Workmen's Compensation Act, 1923
-- Employee's State Insurance Act, 1948
-- Employee's Provident Fund Act, 1952
-- Maternity Benefit Act, 1961
-- Payment of Gratuity Act, 1972
Industrial Relation
-- Trade Union Act, 1926
-- Industrial Dispute Act, 1947
Condition of Work
-- Industrial Employment (Standing Order Act, 1946)
-- Factory Act, 1948
-- Shops & Establishment Act
Interpretation of these laws.

BM 655: Manpower Planning & Management(3L1T) Credit- 4

Public policy with regard to Manpower at different level
Choice in Corporate strategy on manpower
Forecasting future manpower requirement, Analysis of stock and flows of corporate manpower, Anticipating future manpower needs, technique & methods used in training & development & designing, establishing & operating programmes in the area.

BM 656: Wages & Salary Administration(3L1T) Credit- 4

Conceptual & theoretical framework for wages, Economic Reasoning, Socio-Economic Concern, National Policy, Corporate Consideration & Compensation Management.
Components of wages & salary packages, Statutory provision governing wages & salary & fringe benefits, Working of different Institution like Wage Board, Pay Commission, Leading Issue & tools related to wages & salary administration.
Recent trend in wage policy in India.

BM 657: Safety Management(3L1T) Credit- 4

The objective of the course is to provide studies with basic knowledge about safety needs analysis procedures and control measures as applicable to design of safety in an Industrial Production System :

Concepts and definition of safety, Industrial Safety and Accident Safety, Costs and Losses.
Production and System liability Implied Warranty and Safety and basis for product liability actions.
Sequence of accident causes, development sequence - diagram, Models of accident sequence.

Human Error based and change based safety problems.
Environmental factors in Safety.
Human Factors Principles for safety and improved performance, Safety and Reliability. Safety Analysis - Programmes.
Need for standards, horizontal versus vertical standards, Standards and Criteria for Safety. Regulatory Agencies.
Organisational risk assessment and product/system hazards.
Safety programme Improvement Projects and Case Studies.

BM 658: Communication(3L1T) Credit- 4

Corporate communication: personal Communication, Employee Relations, Public Relations and Govt. Relations (Lobbying). Effective communication with Unions.
Communication as a tool of management control.
The process and problems of communication.
Overcoming barriers to communication.
Communication technique.
Use of Body language.
Persuasive and Assertive Skills.
Effective Interview process.
Communication skills for effective negotiations.
Humour and Emotion in Communication.
Media management and public relations.
Emerging trends in communication methodologies.

BM 659: Industrial Psychology(3L1T) Credit- 4

Place of Psychology in Industry .
Psychology of Attitude,
Morale & Group Processes,
use of Psychological test in selection & placement, Motivation & work,
Fatigue,
Working Environment,
Psychological factors in Labour,
Turnover,
Frustration as a factor in behaviour,
Causation in Behaviour.

BM 660: Managing Across Culture(3L1T) Credit- 4

Changing scenario of Business, Globalization, Business dealing from different culture backgrounds. Behavioral issue in Joint ventures, mergers, Acquisition, Technical Collaborations. Major Trading Partners-USA, Japan, Germany, South East Asia, Organizational Systems, Similarities and Differences. Manager and Management in these countries. Evolution of Business norms. Work Ethics, Management values. Socio-culture Environment. Culture Alliance and Culture Shocks. Psychological and social adjustments. Analyzing and Diagnosing and Diagnosing Culture Differences, Sensitivity, Work Values, Culture Symbols.

Marketing Management

BM 631: Marketing Research & Consumer Behaviour(3L1T) Credit- 4

Nature and scope of Marketing Research, Problem formulation, Decisions under uncertainty-choice models, Value and cost of decision making operation, Bayesian decision theory. The cost and value of Research information. Measuring conditional pay offs. Organizational Structure of Marketing Research, Marketing research process. Research designs, exploratory, descriptive and experimental. The sources of marketing information, choosing a research design. Data

collection. Types of information that can be obtained from respondents. The sources of errors in information from respondents. Observation methods, Questionnaire design, Attitude measurement techniques. Motivational research techniques. Administration of surveys, Sampling procedures in Marketing Research, Estimating sample size, Tabulation of survey data. Analysis of data. Choosing an appropriate statistical technique. Advanced Techniques in analyzing associative data. Discriminant analysis, factor analysis and clustering methods, multi-dimensional scaling and conjoint analysis, Marketing research applications: forecasting procedures, brand positioning and markets segmentation. Evaluating new marketing strategies, Ethical issues in marketing research. Consumer behaviour studies, Scope and their applications. Consumers needs and motives. Consumer as a perceiver and learner. Influence of personality and attitudes on buying behaviour. Models of consumer decision making process. Model of consumer behaviour, Family decision-making, Diffusion of innovation. Socio-economic and cultural aspects Indian consumer market. Models of industrial buying behaviour, Pattern of industrial buying behaviour in India.

BM 632: Sales & Distribution Management(3L1T) Credit- 4

Introduction to Sales Management, Personal selling and salesmanship. Basic Marketing calling for the sales manager, the sales role in the marketing mix, determining sales related marketing policies. Nature and scope of personal selling. Setting personal selling objectives. Formulating personal selling objectives, Recruiting and selecting sales personnel, developing and conducting sales training programme. Designing and administering compensation plan, supervision of salesman. Motivating sales personnel, sales meetings and sales contests, designing territories and allocating sales efforts, objective and sales quotas for sales personal, Developing and managing sales evaluation programme, sales cost and analysis, Distribution management, concept, opportunity, responsibility, The channel of distribution and development channels, Channel structure Type and design of marketing channels. Direct, vertical and Horizontal marketing system, Channel selection. Managing distribution channel in India. General idea of public distribution system in Indian context. Marketing channel functions, channel dynamics, channel purchasing decisions. Assortment pricing in channel, channels communications and information system. Control of marketing channels. Scope and objectives of physical distribution strategy, Inventory and location decisions. Operation of logistics systems.

BM 633: Advertising Management(3L1T) Credit- 4

Role & objective of marketing communication in the marketing programme. Stimulation of primary and selective Method. Role of advertising in the marketing Mix. Processes of marketing communication-Will Schramm's Model. Two step flow communication. Theory of cognitive dissonance. Determination of target audience, cultural, demographic, social class, consumer attitudes. Definition of advertising goals, DAGMAR approach. Building of advertising programmes, message theme headline, layout. Copy logo, appeals Media planning. Determining advertising expenditure, determining advertising effectiveness. Rational testing, opinion and attitude test, recall and controlled experiments in the field, Advertising Research, consumer groups, product analysis and market analysis Advertising organisation. Advertising agency, legal, ethical and social aspects of advertising.

BM 634: Product Management & Sales Distribution(3L1T) Credit- 4

Sales Promotion and marketing mix. Nature and types of sales promotion. Consumer behaviour and sales promotion; deal prone consumer, economic theory of promotion sales promotion's impact on sales, evaluation of sales promotion experiments, choice and purchase timing models, Manufacture promotion planning process, Retailer promotion planning process, Strategic issues in designing promotional strategies, substantive findings and issues on coupons, trade dealings and retail promotions.

BM 635: International Marketing(3L1T) Credit- 4

International Marketing: Definition, concept and setting, Distinction between international trade, marketing and business. Economic environment of international marketing. International institutions-World Bank, International Monetary Fund, UNCTAD, GATT, Custom Union, Common Markets. Free trade zones. Economic communities. Constraints on international marketing. Fiscal and non-fiscal barriers, non-tariff barriers. Trading partner bilateral trade agreement, commodities agreements and G.S.P. India and world trade. Import and Export policy. Direction and Quantum of India's Exports. Institutional Infrastructure for Export Promotion. Export Promotion Council, Public Sector, Trading Agencies, ECGC, Commodity Board etc. Procedure and Documents: Registration of Exporters, export quotations, Production and clearance of goods for exports, shipping and transportation insurance, negotiation of documents. Instrument of payment: open account, bills of exchange, letter of credit. Export Finance, International Marketing. Mix: Identification of markets, Product policy, International product life cycle, promotion strategy pricing strategy and distribution strategy. Various form of International business. Marketing of joint ventures and turnkey projects.

BM 636: Marketing of Services(3L1T) Credit- 4

Services as market Concept. Types of services: Social, Financial, Physical, Economic, Domestic and Culture. Growth of service sector in Indian Economy. Social Marketing and Family Planning in India. Application of Marketing Research. Tools and Techniques in analyzing Service markets. Behaviour Models. Planning and service Marketing Mix. Evolution of concept of service Package. Pricing and Distribution of services. Mass and Localized of service Packages. Organising Institutional set up for Service Marketing. Information and Auditing of Marketing of Services.

Financial Management

BM 641: International Trade & Finance (3L1T) Credit- 4

International Monetary Systems, Exchange Rates and Foreign Exchange Markets, Tariffs, Restrictions and Their Impact on International Trade, Theories of International Trade, Macroeconomics Policy in an Open Economy, International financial: Integration, the Role of Foreign Direct Investment and Multinationals in a Developing Economy.

BM 642: Management of Financial Institution (3L1T) Credit- 4

Economic role and Primary Objective of Financial Institutions, Environment of Financial Institutions, Nature of Assets and Liabilities of financial Institutions, Financial Management of Non Bank financial Intermediates, Management of Bank Portfolios.

BM 643: Financial Engineering (3L1T) Credit- 4

Introduction to Financial Engineering. Contributory Factors. Conceptual Tools of Financial Engineering Valuation Relationships, Return Measurement, And Risk Measurement. Debt Instruments, Interest Rates and Exchange Rates, Speculation, Arbitrage and Market Efficiency. Treasurer's Perspective. Physical Tools of Financial Engineering: Futures and Forwards, swaps, Single period and Multi-period Options, Fixed Income securities, Recent Innovations, Equity and Equity Related Instruments, Hybrid Securities, Asset-Liability Management, Hedging and Related Risk Management Techniques, Leverage Buyout Arbitrage, Tax-Driven Deals Future Trends.

BM 644: Management Control System (3L1T) Credit- 4

Strategic Planning and Management Control, Operational Control, Responsibility Centres and Profit Centres, Identification of Profit Centres, Creation of Profit Centres, Profit Centres as Control systems, Decentralisation and Profit Centres, Mechanics of Determining Profit Objectives of Profit Centres, Problems and Perspectives of Transfer Pricing, Determining Divisional Goals in a Multi-Divisional Company, Problems of Growth and Corporate Control, Financial Goal Setting, Responsibility Budgeting, MBO, Human Problems with Budgets, Zero Based Budgeting, Manufacturing Control, Marketing control, R&D Control, Project Control, Administrative Control Etc. Management Audit.

BM 645: Valuation, Merger, Acquisition & Corporate Control (3L1T) Credit- 4

Company value and Valuation Methods, Strategic Implications of Mergers, Acquisitions and Restructuring, Theories of Mergers and Diversitures, Deal Structuring, Financial Restructuring, Acquisitions and Take-overs, Objectives, Models, Regulatory Environment and Government policy, MAT Code, Managerial Strategies, Value Chain and Vertical Integration Perspectives, Risk Analysis and Management.

BM 646: Management of New Ventures (3L1T) Credit- 4

Concept of New Ventures: New Venture Management: An Overview Managing Issue of Different Fronts Simultaneous: Strategic and Operational Implication Project Reassessment, Problems in Implementation, Cost and Item Overruns, Recasting Assumptions, New Environmental Framework, Project viability Technology Absorption: Policy Issues in Finance: Shortage of Operating Funds, Sources of Funds and How to Tap Them, Venture Capital financing Policy Issues in Marketing: Characteristics of Marketing: New Venture Products and services, Constraints, Successful Strategies in Practice, Networking, in New Venture: Networking with industries, Networking with Institution, Type of Networking, survival and Growth Networking, Operational and Strategic Networking, Developing systems in New Venture: Planning for Growth; Change in Structure and Systems, New Ventures and Strategic Planning.

JH

Department of Management Studies, MNIT

Faculty Requirement for MBA course

Total Teaching Load of I Semester	:	42 hrs / week
Total Teaching Load of II Semester	:	42 hrs / week
Total Teaching Load of III Semester (Considering three specializations) (42 * 3 = 126 hrs)	:	126 hrs / week
Total Teaching Load of IV Semester	:	46 hrs / week
Peak Load = 42 + 126 (I and III Semester) =		166 hrs / week

Considering Staff ratio of 1:2:4 and teaching load / week for Professor, Reader, Lecturer as 8:12:16 respectively,

Faculty Required

Professor	2	$2 * 8 = 16$
Reader	4	$4 * 12 = 48$
Lecturer	6	$6 * 16 = 96$
		<u>Total = 160 hrs / week</u>

Considering for 10% more for QIP

Faculty Required

Professor	2
Reader	4
Lecturer	8

Faint, illegible text, possibly bleed-through from the reverse side of the page. The text is scattered across the page and is too light to transcribe accurately.

Other details of proposed M.B.A. Course

Minimum eligibility for proposed course

60% marks in aggregate or 6.75/10 CGPA in Bachelor's degree in Engineering / Technology / Architecture / Pharmacy / Agriculture Engg. or Master's degree in a discipline such as Physics, Chemistry, Mathematics or Statistics.

Admission Procedure

Admission in the proposed course will be through JMET / CAT or some other ALL India Level Examination.

Fee structure

Rs 16000 per semester & Rs. 3000 development fee per annum. There will be two semesters in one year.

Vertical text on the left margin, possibly a page number or header.

Vertical text on the right margin, possibly a page number or header.

Main body of text, appearing as a very faint and illegible document.

*Tentative Calendar for Spring Semester (Session 2004-2005)
(Except VIII Semester but including VIII Semester Chemical Engineering)*

Activities	Date(s)
Commencement of Classes	Jan 10, 2005 (Monday)
Registration of B. Tech./B.Arch. I Year (II Semester)	Jan 10, 2005 (Monday)
Registration of B. Tech./B.Arch. II Year (IV Semester)	Jan 11, 2005 (Tuesday)
Registration of B. Tech./B.Arch. III Year (VI Semester)	Jan 12, 2005 (Wednesday)
Registration of B. Tech./B.Arch. IV Year (VIII Semester)	Jan 13, 2005 (Thursday)
Registration for M. Tech. II & IV Semester B.Arch. V Year (X Semester)	Jan 17, 2005 (Monday)
Registration of All Ph.D. scholars	Jan 17, 2005 (Monday)
Last Date for Adding/Dropping Courses	Jan 20, 2005 (Thursday)
Last date for Addition of Course in lieu of Courses dropped by Academic Sections	Jan 24, 2005 (Monday)
Mid Term Exam (MTE-I)	Feb 23, 24 & 25, 2005 (Wed, Thrus, Fri)
Last Date for Course Audit and Withdrawal	Feb 25, 2005 (Friday)
Compilation of attendance and intimation to parents by DOSA	March 04, 2005 (Friday)
Last Date for showing the Answer Scripts of MTE-I	March 04, 2005 (Friday)
Annual Athletic meet	March 5-6, 2005 (Sat-Sun)
Last Date for receipt by Academic Section the list of Institute Elective to be floated by Departments in the Autumn Semester	March 14, 2005 (Monday)
Creative Arts Society Week (with regular academic Schedule)	March 14-18, 2005 (Mon-Fri)
Information to HODs by AR (Academic) about Institute Elective to be floated in Autumn Semester	March 16, 2005 (Wednesday)
Last date for submission of Choice of Institute Elective by the Students for Autumn Semester	March 18, 2005 (Friday)
Annual Function	March 18, 2005 (Friday)
Information from HODs to AR (Academic) About Choices of the Students for Institute Electives	March 21, 2005 (Monday)
Information to HODs by AR (Academic) about Institute Electives to be Offered in Autumn Semester	March 23, 2005 (Wednesday)
Mid Term Exam. (MTE)-II	April 4, 5 & 6, 2005 (Mon-Tue, Wed)
Issue of Application Form for M. Tech./Ph.D. Admission	April 11, 2005 (Monday)
Last Date for showing the Marked Answer Scripts of MTE-II	April 11, 2005 (Monday)
Practical & Sessional Exam (During class hours only)	April 25-29, 2005 (Mon-Fri)
Last day of getting Feedback Forms Filled	April 25-29, 2005 (Mon-Fri)
Compilation of Attendance	May 02, 2005 (Monday)
Last day of Classes	May 3, 2005 (Tuesday)
Allotment of Hostels for the Next Semester	May 6, 2005 (Friday)

End Term Examinations	May 6-13, 2005 (Fri-Fri)
Last day of showing the marked answer scripts of the ETE	May 18, 2005 (Wednesday)
Grade Moderation Committee Meeting	May 19, 2005 (Thursday)
Display of Grades after Moderation	May 20, 2005 (Friday)
Grades to reach Academic Section	May 20, 2005 (Friday)
Students to report for Practical Training	May 20, 2005 (Friday)
Summer Vacation starts (for UG Students)	May 23, 2005 (Monday)
Back Exam. of Annual Scheme	May 23-27, 2005 (Mon-Fri)
Generation of Grade-Sheets (UG/PG)	June 7, 2005 (Tuesday)
Back Paper Examinations (Old Semester Scheme)	July 11-15, 2005 (Fri-Thu)
Date for submission of Dissertation (M. Tech.)	June 30, 2005 (Thursday)
Autumn Semester 2005-2006 begins	July 18, 2005 (Monday)
Registration of B.Tech./B.Arch. II Year (III Semester)	July 19, 2005 (Tuesday)
Registration of B.Tech./B.Arch. III Year (V Semester)	July 20, 2005 (Wednesday)
Registration of B.Tech./B.Arch. IV Year (VII Semester)	July 21, 2005 (Thursday)
Registration of M. Tech. II Year (III Semester)	July 22, 2005 (Friday)
B.Arch. V Year (IX Semester)	July 22, 2005 (Friday)
Registration for Ph.D. (Already on rolls)	July 25, 2005 (Monday)
New Registration for M. Tech./Ph.D.	July 26, 2005 (Tuesday)

MALAVIYA NATIONAL INSTITUTE OF TECHNOLOGY, JAIPUR
(Deemed University)

Tentative Calendar for Spring Semester (Session 2004-2005)
(For B. Tech. VIII Semester except Chemical Engineering)

Activity	Dates
Commencement of Classes	Jan 10, 2005 (Monday)
Registration of B. Tech./B.Arch. I Yr (II Sem.)	Jan 10, 2005 (Monday)
Registration of B. Tech./B.Arch. II Yr (III Sem.)	Jan 11, 2005 (Tuesday)
Registration of B. Tech./B.Arch. III Yr (VI Sem.)	Jan 12, 2005 (Wednesday)
Registration of B. Tech. VIII Sem. /B.Arch. VIII & X Sem.	Jan 13, 2005 (Thursday)
Registration of M. Tech. Courses	Jan 17, 2005 (Monday)
Registration of all Ph.D. Scholars	Jan 17, 2005 (Monday)
MTE-I for VIII Semester	Jan 31, 2005 (Monday)
Compilation of Attendance for VIII Semester and Report to Parents by DOSA	Feb 7, 2005 (Monday)
Last date for showing of Answer Scripts of MTE-I	Feb 10, 2005 (Thursday)
MTE-II for VIII Semester	Feb 21, 2005 (Monday)
Compilation of Attendance for VIII Semester	Feb 28, 2005 (Monday)
Practical & Sessional examination for VIII Semester	March 1-2, 2005 (Tues-Wed)
Last day for showing of Answer Scripts of MTE-II	March 3, 2005 (Thursday)
Last day of classes for VIII Semester	March 4, 2005 (Friday)
Annual Athletic Meet	March 5-6, 2005 (Sat-Sun)
End Term Examination for VIII Semester	March 7 & 9, 2005 (Mon-Wed)
Commencement of Project Work for VIII Semester	March 10, 2005 (Thursday)
Last day for showing of Answer Scripts of End Term	March 14, 2005 (Monday)
Creative Arts Society Week (with Regular Academic Schedule)	March 14-18, 2005 (Mon-Fri)
Marks to Reach Academic Section for VIII Semester	March 16, 2005 (Wednesday)
Annual Function	March 18, 2005 (Friday)
Last day of getting feed back forms filled	April 25-29, 2005 (Mon to Fri)
Last date for submission of Project Reports for VIII Semester	May 30, 2005 (Monday)
Last date for Project Viva-voce (B. Tech. VIII Semester)	June 6, 2005 (Monday)

Malaviya National Institute of Technology
Department of Computer Engineering

Dated: May 21, 2004

Please find enclosed revised copies of teaching schemes of BTech (Computer Engg.) and BTech (Information Technology) for your kind consideration.

Vijay
21/5/04
Head, Computer Engineering

Submitted for approval
- Dean Academic Affairs
- Director (Chairman, Senate)

This revised scheme has been submitted in pursuance of decision made in Senate. Special if may be given.

Malaviya National Institute of Technology, Jaipur

Civil Engineering Department

August 9, 2004

The Civil Engineering Department had submitted M. Tech. Environmental Engineering for full time & part time before last senate meeting. Further just before the meeting some changes were made as per the guidelines ^{provided} by the Dean Academic Affairs.

Now in order to have compatibility of M. Tech. full time & part time course. The revised scheme of M. Tech. Environmental Engineering was submitted by the department on July 30, 2004, keeping the subjects & their syllabus as approved by the senate the minor changes in the order of one or two subjects ~~are~~ made in this revised scheme. Rest is same as approved by the senate.

Submitted for kind approval with the request to allow the change and may be put in next senate.

Creative Arts/Sports**/NSS/Hindi		ECA	2	Total Credits: 54										
Discipline		ECA	2	*Some lectures will be offered these subjects in Autumn and others in spring Semester										

Sports

1. Lawn Tennis 2. Badminton 3. Football 4. Cricket 5. Volleyball 6. Basketball
7. Kho-Kho 8. Table Tennis 9. Athletics 10. Hockey 11. Gymnastics & Weight Lifting 12. Chess

Creative Arts

1. Music 2. Drama 3. Photography 4. Literary 5. Fine Arts 6. Adventures

**Extra Curricular Activities (Creative Arts/Sports) once opted can not be changed

Extra Curricular Activities may run in both semester but evaluated and tabulated in spring semester only.

Note: In case a particular activity is opted by larger number of students and some students can not be accommodated, the Chief Advisor Sports in consultation with Academic Section will reallocate creative Arts/Sports for such students.

SYLLABI OF THE B.TECH. FIRST YEAR COURSES

CE 101 Engineering Graphics I

Cr. 3: (2-0-2)

Engineering Curves, Projection of Points, Lines, Planes, and Solids; Section of solids; Development of surfaces; Computer aided drawing using Auto CAD/Microstation.

CH-101 Environmental Science

Cr. 2: (2-0-0)

Unit 1: Natural Resources

Water resources: Use and over exploitation of surface and groundwater, floods droughts, conflicts over water, dams: benefits and problems.

Mineral Resources: Use and exploitation, environmental effects of extracting and using mineral resources, case studies.

Energy resources: Growing energy needs, renewable and non-renewable energy sources, use of alternate energy sources, case studies.

Land resources: Land as a resource, land degradation, man induced landslides, soil erosion and desertification.

Unit 2: Ecosystems

Concept of an ecosystem.

Structure and function of an ecosystem.

Producers, consumers and decomposers.

Energy flow in the ecosystem

Ecological succession

Food chains, food webs and ecological pyramids.

Unit 3: Biodiversity and its conservation

Introduction and definition: genetic, species and ecosystem diversity.

Conservation of bio diversity: In-situ and ex-situ conservation of biodiversity.

Unit 4: Environmental Pollution

Definition

Causes, effects and control measures of:

1. Air Pollution

2. Water Pollution

3. Soil Pollution

4. Marine Pollution

Noise Pollution

Solid Waste Management: cases, effects and control measures of urban and industrial wastes.

Role of an individual in preventing pollution

Pollution case studies.

Unit 5: Social issues and environment:

From unsustainable to sustainable development.

Urban problems related to energy

Water conservation, rainwater harvesting, watershed management

Resettlement and rehabilitation of people: its problem and concerns case studies

Climate change, global warming, acid rain, ozone layer depletion.

Wastland reclamation.

Consumerism and waste products.

Environment Protection Act.

DEPARTMENT OF MECHANICAL ENGINEERING

11 November 2011

Following changes have been made in the Teaching & Examination Scheme of IV, V and VIII Semester.

Existing Scheme:

Teaching Scheme				Contact Hours/week			Exam. Duration (Hrs.)		Relative Weightage %				
Subject Code	COURSE TITLE	Subject Area	CREDITS	L	T	P	Theory	Practical	CWS	PRS	MTT	Lab	Proj
ME 202	Social Science & Economics	HS	4	3	1	0	3	--	25	--	25		
ME 305	Industrial Engineering-II	DE	4	3	0	2	3	--	--	25	25		
	DE-IV	DE	4	4	0	0	3	--	--	50	50		

Proposed Changes:

Teaching Scheme				Contact Hours/week			Exam. Duration (Hrs.)		Relative Weightage %				
Subject Code	COURSE TITLE	Subject Area	CREDITS	L	T	P	Theory	Practical	CWS	PRS	MTT	Lab	Proj

Department of Mathematics

Date - 27-4-04

The revised syllabus of IC 561, 'Design of Experiments', Ref. Item No. 3.2, p 65, is attached with the new name 'IC MA 501 G', 'Advanced Course in Mathematics', duly signed by both the Heads of Departments.

(i) Department of Mathematics

(ii) Department of Mechanical Engineering

This Syllabus shall come into effect from Autumn semester, 2004.

Nilam

Dr. (Mrs) Nilama Gupta
Head, Dept. of Maths

MA 501 G: Design of Experiments

3L-1T-0S/ 4 credits

Estimation: Criteria for the best estimator, Point estimation, Interval estimation, Confidence interval of mean and variance, maximum error of estimates.

Testing of hypothesis: Comparison of sample mean and proportion for large samples. Testing of hypothesis for small samples based on student's "t" test, paired "t" test, F test and X^2 chi-square test. Testing of independence of attributes using X^2 test.

Analysis of Variance (ANOVA): Concept of experiments, One-Way classification, Mathematical Analysis of Model. Two-way classification. Terminology of experimental design. Completely randomized designs. Factorial and split-Plot designs, Incomplete Blocks design Latin square design, analysis of covariance. Sums of products, analysis of covariance table. Two factor experiments. Multi-factor experiments. 2^{nd} factor experiments. Fractional replication.

MALAVIYA NATIONAL INSTITUTE OF TECHNOLOGY, JAIPUR

(Deemed University)

(ACADEMIC SECTION)

Date: 15-07-2004

The registration for the students of VII Semester B.Tech./B.Arch. will be held on 22-07-2004. Those students who have not yet cleared their subjects either theory or practical of I B.E., III, IV, V or VI Semester old scheme may be permitted to register in VII Semester as a special case as from the session 2002-2003 new scheme has been introduced and coming VII & VIII Semester will be the last one in the old MNIT, Autonomy scheme.

Submitted for approval.
